Century Properties Group completes the Azure Urban Resort Residences

The Philippines' first man-made beach residential development now 98-percent sold

November 16, 2019 – Leading premium property developer Century Properties Group (CPG) has announced the full completion of the six-hectare Azure Urban Resort Residences with the inauguration of its final residential tower in Parañaque City.

This milestone marks the completion of nine Azure towers with 5,355 units and a total sales value of Php22.55 billion, with 98 percent of the inventory already sold out. The Azure towers were named after world-famous beach destinations such as Rio, Santorini, St. Tropez, Positano, Miami, Maui, Maldives, Boracay, and Bahamas.

The Bahamas tower, the ninth and final building in the resort-style residential community, was also inaugurated during the completion ceremony. CPG Vice Chairman John Victor R. Antonio and CPG President and Chief Executive Officer Marco R. Antonio led the ceremonies with Parañaque City government officials and the Azure residents.

“We are very much excited to announce the full completion of one of Century Properties’ most groundbreaking developments, the Azure Urban Resort Residences. We wanted to deliver a beach resort experience complete with a man-made beach right in the middle of the city and here it is, fully realized as committed to our homeowners. Now, they get to fully experience the beach in their backyard and for 365 days a year,” said CPG Vice Chairman John Victor R. Antonio.

CPG President and CEO Marco R. Antonio also thanked the Azure homeowners and recognized the hard work of the Century team of employees and consultants who helped bring the project concept to life. “The Azure is a product of our passion to continuously push the envelope in real estate and give our clients extraordinary experiences. To our homeowners, thank you for your trust. To our hardworking team, thank you for your help and commitment,” he said.

A winner of the Philippines Property Award and Southeast Asia Property Awards as the Philippines’ Best Condo Development, the Azure bears a tropical modern aesthetic that is reflected on its 9 towers and amenities. Its central amenity, the bean-shaped Paris Beach Club, was personally designed by Paris Hilton and houses as a café, dining area, function room, game room, movie room, a spa, and a gym.

Aside from the man-made beach and wave pool, the development also has two lagoon pools, a lap pool, children’s water play area, beach volleyball area, basketball court, and pocket gardens.

The Azure Urban Resort Residences is a development of Century Limitless Corporation, a subsidiary of Century Properties Group. It is in West Service Road, Marcelo Green, beside SM Bicutan in Parañaque City.
