**Century Properties Group takes part in the conversion of Philippine Arena in
Bocaue, Bulacan as COVID-19 mega testing facility**
Facility to accommodate minimum of 1,500 swabbing per day

The mega testing facility at the Philippine Sports Stadium in Philippine Arena will have six (6) healthcare station tents with 96 test booths, and a minimum testing capacity of 1,500 per day.

[May 20, 2020] Century Properties Group (CPG) is taking part in the conversion of the Philippine Sports Stadium to a COVID-19 mega testing facility, which is scheduled to open today at the Philippine Arena in Bocaue, Bulacan.

The said facility is the designated northern sector swabbing center of the government's 'Test, Trace, and Treat' strategy that is being spearheaded by the National Action Plan Against COVID-19 Deputy Chief Implementer and Bases and Conversion Development Authority (BCDA) President and CEO Vivencio Dizon, together with the Department of Health. It will have six (6) healthcare station tents with 96 test booths, and a minimum testing capacity of 1,500 per day.

CPG is contributing a significant portion for the said facility's construction and operations, and is looking at ways it can further assist government efforts to curb the coronavirus pandemic.

"In addressing a health crisis, it is very important to act swiftly and decisively, that's why we immediately heeded this call to get the much-needed resources in place," said CPG Executive Chairman Jose E.B. Antonio.

"We recognize BCDA for its valuable efforts and quick action in rolling out these four mega testing facilities and executing this immense task for the Filipino people. It is in the same spirit of *bayanihan* that we commit our full support to this cause. We believe that by joining forces with government and other organizations in this fight against COVID-19, we can emerge from this public health crisis as a stronger, united, and a better nation," Antonio said.

The Philippine Arena is the fourth mega swabbing center converted to ramp up implementation of massive testing in the country.

"We, in government, are grateful for the huge support and active participation of our private partners in responding to the COVID-19 crisis. The Century Properties Group has largely contributed in building up the country's testing capacity by providing healthcare stations and testing booths inside the Philippine Arena mega swabbing center," Secretary Dizon underscored.

"This pandemic has brought us great uncertainty but our sustained and collective efforts will go a long way in saving more lives and successfully overcoming this crisis," he added.

The other mega swabbing centers are the Palacio de Maynila along Roxas Boulevard, the Enderun Tent in Taguig City, and the Mall of Asia arena in Pasay City. #
