### **ITEM 1. BUSINESS**

## 1.1 OVERVIEW

Century Properties Group, Inc., ("CPGI") is one of the leading real estate companies in the Philippines with a 32-year track record. The Company is primarily engaged in the development, marketing, and sale of mid- and high-rise condominiums and single detached homes, leasing of retail and office space, and property management.

As of December 31, 2019, the Company has completed 28 projects, which include the following: 25 residential buildings, consisting of 14,362 units with a total gross floor area (GFA) of 1,147,194 sq.m. (with parking); a retail commercial building with 52,233 sq.m. of GFA (with parking); a medical office building with 74,103 sq.m. of GFA (with parking); an office building with 56,284 sq.m. of GFA (with parking). In addition, the Company has completed a total of 866 homes under its affordable segment. This is in addition to the 19 buildings totaling 4,128 units and 548,262 sq.m. of GFA that were completed prior to 2010 by the founding principals' prior development companies, the Meridien Group of Companies ("Meridien"). Noteworthy developments under Meridien are the Essensa East Forbes and South of Market in Fort Bonifacio, SOHO Central in the Greenfield District of Mandaluyong City, Pacific Place in Ortigas, Le Triomphe, Le Domaine and Le Metropole in Makati City.

## Century Communities Corporation

CCC, incorporated in 1994, is focused on horizontal house and lot developments. From the conceptualization to the sellout of a project, CCC provides experienced specialists who develop and execute the right strategy to successfully market a project. CCC is the developer of Canyon Ranch, a 25-hectare house and lot development located in Carmona, Cavite.

## Century City Development Corporation

CCDC, incorporated in 2006, is focused on developing mixed-use communities that include residences, office and retail properties. CCDC is currently developing Century City, a 3.4-hectare mixed-use development along Kalayaan Avenue in Makati City.

## Century Limitless Corporation

CLC, incorporated in 2008, is Century's brand category that focuses on developing high-quality, affordable residential projects. Projects under CLC will cater to first-time home buyers, start-up families and investors seeking safe, secure and convenient homes.

Century Properties Management, Inc.

Incorporated in 1989, CPMI is one of the largest property management companies in the Philippines, as measured by total gross floor area under management. CPMI currently has 46 projects in its portfolio, covering a total gross floor area of 2.58 million sq.m. CPMI has been awarded 18 safety and security distinctions from the Safety Organization of the Philippines.

Century Destinations and Lifestyle Corp. (CDLC) (Formerly Century Properties Hotel and Leisure, Inc.)

Incorporated in 2014, CPHLI shall operate, conduct and engage in hotel and leisure and related business ventures.

PHirst Park Homes Inc. (PPHI)

PHirst Park Homes Inc., incorporated on August 31, 2018, is the first-home division and brand of CPGI. Its projects are located within the fringes of Metro Manila and its target market are first-time homebuyers. Its current projects are located at Barangay San Lucas in Lipa City and San Pablo, Laguna, which involve a multi-phase horizontal residential property and offer both Townhouse units & Single Attached units. PHirst Park Homes is a joint venture project between Century Properties Group Inc. and Mitsubishi Corporation with a 60-40% shareholding, respectively.

A2Global Inc.

A2Global Inc., an associate incorporated in 2013, is a company where CPGI has a 49% shareholdings stake.

## 1.3 RECENT TRANSACTIONS

## **Completion of Asian Century Center**

In the fourth quarter of 2018, CPG completed its first office building in BGC, Asian Century Center. The project was launched in partnership with Asian Carmakers Corporation. The 21-storey office building will add 29,628 leasable area to CPG's portfolio is about 70% leasable as of December 31, 2018. The building is PEZA accredited and meets its strict requirements of 100-percent power backup provision for high-speed internet and infrastructure, and a building management system.

The tower has been pre-certified for the core and shell rating of LEED (or the Leadership in Energy and Environmental Design), a globally recognized green building and sustainability certification system. Precertification is awarded to projects with achievable sustainable targets that demonstrate the project's commitment to LEED certification. Asian Century Center is working towards a LEED Silver status.

## Signing of Memorandum of Agreement with Global Development Development Corp.

On January 9, Global Gateway Development Corp. (GGDC) and Century Properties Group, Inc. (CPGI) signed a memorandum of agreement to create a Joint Venture (JV) that will develop 2.6 hectares of the 177-hectare Clark Global City into a mix of residential and office buildings. Global Gateway Development Corp. is the owner and developer of Clark Global City. It is a wholly owned subsidiary of Udenna Development (UDEVCO) Corp., the real estate and property development arm of one of the fastest growing holding companies in the Philippines Udenna Corporation.

The JV will develop a mix of residential and office buildings with support retail establishments. This project is CPGI's first development in Clark, a former military base currently being transformed into the country's next big metropolis and primed as the answer to Metro Manila's congestion. CPGI is banking on the phenomenal growth of Central Luzon, which has the highest number of occupied housing units; and also Clark, which has emerged as the second largest market for office after Metro Manila.

With a buildable area of more than 109 hectares, Clark Global City will host top-grade office buildings, up-market retail outlets, contemporary academic centers, sports centers, an urban park, an iconic tower, in integrated resort and casino, and modern support services and amenities.

Clark Global City was previously envisioned as an aviation-focused logistics park exclusively developed by GGDC. When the Udenna Group took over in 2017, it renewed its lease agreement over the estate to run until 2085 and amended the master plan with a vision of developing the area as the next Central Business District – maximizing allowable building heights and floor area ratios, opening additional access points, right-sizing the lot cuts to the needs of the market, and welcoming local partners in developing the leasehold.

The development has since received strong interest from locators. In its Real Estate Market Insights for December 2018, Leechiu Property Consultants cited Clark Global City as the most in-demand development outside Metro Manila, having accounted for a majority of the 156,000 square meters of office demand in Clark.

Situated within the Clark Freeport Zone, the development offers an ideal regulatory, economic and operating environment. It is also poised to benefit from various public infrastructure projects such as the expansion of the Clark International Airport, NLEX-SLEX Connector Road, Subic-Clark Cargo Railway and PNR North Railway.

### Launch of Phirst Park Homes, Inc.

On September 20, 2018, Century Properties Group Inc. (CPGI) and the global business enterprise Mitsubishi Corporation launched the newly-formed joint venture company PHirst Park Homes, Inc. (PPHI) at the Shangri-La Hotel in Fort Bonifacio and announced its plans to cater to the broader market of first homebuyers by rolling out 33,000 units in key locations outside of Metro Manila with an estimated sales value of P57 billion. The joint venture company is 60 percent and 40 percent owned by CPG and Mitsubishi, respectively.

PPHI will launch 15 masterplanned communities in Calabarzon and Central Luzon within the next 5 years. These new launches will entail capital expenditures of approximately P28 billion, of which P11 billion will be spent in the first 5 years. The company is also eyeing expansion into the Visayas and Mindanao regions once it has established technical and market scale.

PHirst Park Homes Homesions once it has established technical and market scale. I caTanza, Cavite, which has already sold out its first phase with 1,200 units valued at approximately Php1.4 billion. In June 2018, the company also launched PHirst Park Homes Lipa, a 20-hectare development in Lipa City, Batangas with 1,867 units valued at Php2.8 billion.

### 1.4 OPERATIONS

## **Land Acquisition**

The Company sources land for development through joint venture agreements with land owners, or through direct purchases. Direct purchases can either be paid for in cash or on installment basis. The land acquisition process consists of three main steps: identifying, assessing and executing.

First, the Company identifies land with a focus on high growth areas within and outside Metro Manila. During this time, the Company checks the title of the property to ensure there are no encumbrances that will prevent development. Zoning and floor to area considerations are also examined at this stage. The sources of land in the Philippines include privately owned undeveloped property, government owned property, foreclosed bank assets and redevelopment of existing properties as certain industries migrate outside of Metro Manila.

Second, the Company assesses the physical and financial suitability of the land. The land must be topographically amenable to condominium or house and lot developments. The Company also analyzes the macro demand and competing developments to develop a marketing plan for the project, as well as run pro forma cash flows and profit and loss statements for the project.

Third, the Executive Committee of the Company approves the project internally and commences with the acquisition of the land.

## **Project Design**

The project design process involves the planning of the potential project, including determination as to the suitable market segment, master planning, design of property and landscape design. Development timetables vary from project to project, as each project differs in scale and design.

The Company utilizes its in-house design capabilities and market research data to plan developments. Part of the feasibility of a project is determining the property type to develop (i.e., residential, office, retail, medical, etc.). The Company believes that its expertise in, and innovative approach to allows it to reduce costs, maintain competitive prices, create distinctive properties and increase sales. From time to time, the Company hires highly-regarded third-parties to design and plan projects. The work performed by these third-parties must comply with specifications that the Company provides and, in all cases, their work is subject to the Company's final review and approval. In particular, the Company hires third-parties, including international firms, to design projects which are complex and require specific technical expertise and to design specific high-end projects.

## **Project Development and Construction**

Once the Company has completed the project planning and design phase, it obtains the necessary Government approvals and permits to start development and pre-marketing activities. Typically, permits and licenses are obtained principally from the concerned LGUs, HLURB, DAR, DENR and other relevant government agencies required for project development, sales and related activities.

Project development and construction work for the vertical projects is primarily conducted by Century Project Management & Construction Corporation ("CPMCC"), which is owned and managed by Mr. Ricardo P. Cuerva, who is one of CPGI's Directors and, together with members of his family, a beneficial shareholder of the CPI. CPMCC enters into a construction management agreement with the relevant CPGI subsidiary for each project, and Mr. Cuerva functions as a construction manager by subcontracting specialty services to third parties to ensure that prices are competitive, managing construction laborers, and procuring raw and finishing materials for the project directly from suppliers to minimize costs.

## **Marketing and Sales**

The Company utilizes the group's local and international marketing network and believes it is one of the most active industry players when it comes to sales and marketing. The local and international marketing and distribution network consists of 197 exclusive agents who receive monthly allowances and commissions, 695 commission-based agents and 78 brokers as of December 31, 2019.

The Company believes that the members of the sales and marketing team receive a very competitive remuneration package and commission incentives. CPGI and its subsidiaries maintains an office in Singapore, Italy and has collaborations with various selling partners in the United States, Canada, the United Kingdom, France, Germany, Ireland, Italy, the United Arab Emirates, Bahrain, China, Brunei, Australia, Malaysia and Singapore in response to the ever-growing demand of its international clients. In recent periods, a significant percentage of CPGI's revenue has been attributable to Overseas OFWs, expatriate Filipinos and other overseas buyers.

The Company's advertising and promotional campaigns include the use of show rooms, print and outdoor advertising, fliers, leaflets and brochures designed specifically for the particular target market. The advertising and promotional campaigns are carefully conceptualized and managed by the Company's Corporate Communications Department. The Company uses strategic partnerships with prominent international brands and local and international celebrities to attract interest in its properties. In addition, the Company also uses non-traditional marketing efforts such as sponsorship of conventions and other events and corporate presentations. Furthermore, the Company partners with local TV stations and local artists to further increase brand awareness. .

## Sales and Customer Financing

The Company normally conducts pre-selling of its property units prior to both construction and project completion. Customers generally start with the payment of non-refundable, non-transferable pre-sale fee that is valid for 30 calendar days from the date of payment. Within this period, the customer is required to submit the complete post-dated checks covering the monthly amortizations and the final turnover balance.

Notwithstanding certain buyers who opt to pay the purchase price in full and in cash, the Company requires 20% to 50% of the total purchase price to be paid during the construction stage, which is between three to five years. On the turnover date, the buyers would have fully paid the required 20% to 50% of the total purchase price, and would be required to either pay the balance in cash or apply for a bank-financing. The Company assists qualified buyers in obtaining mortgage financing from government-sponsored mortgage lenders and from commercial banks.

## **After-sales Services**

The Company provides maintenance services through its subsidiary CPMI on projects that are fully turned over to the owners. The Company believes that CPMI's management of the completed projects increases their asset value.

The Company obtains feedback from the unit owners in order to provide quality home dwelling units in the future and to enhance long-term relationships with them. Finally, the Company has an inhouse leasing department to handle the leasing and re-sale needs of its clients.

## Insurance

The Company believes that it has sufficient insurance coverage that is required by Philippine regulations for real and personal property. Subject to customary deductibles and exclusions, the Company's insurance policies include coverage for, among other things, building and improvements, machinery and equipment, furniture, fixtures and fittings against damage from fire and natural perils,

machinery breakdown, third-party liability to the public and construction works. The Company is not covered by business interruption insurance.

## Competition

The Philippine real estate development industry is highly competitive. CPGI's primary competitors are real estate companies that also focus on developing residential and commercial buildings in the Philippines. The Company believes that customers choose among competing real estate companies based on design, amenities, price, location, developer reputation, quality of finishes, after-sales support services, unit sizes, monthly amortization and financing terms. Century's competitors vary depending on the target market. The main competitors are Ayala Land, Inc., DMCI Homes, Filinvest Land Inc., Megaworld Corp., Robinson Land Corp., Rockwell Land Corporation, and Vista Land & Lifescapes, Inc.

The Company believes that it can effectively compete with other companies in its industry through innovative branding strategies to effectively enhance brand visibility and product appeal while attempting to reinforce credibility as a leading developer in the Philippines. The Company is also developing properties in partnership with global brand names and setting up various marketing offices abroad to cater to foreign customers. Filipinos based abroad and OFW's.

## **Suppliers**

The Company has a broad base of suppliers, both local and international. The Company is not dependent on one or limited number of suppliers.

#### **Customers**

The Company has a broad market base including local and foreign individual and institutional clients.

## **Intellectual Property**

The Company through its Subsidiaries has several trademarks/trade name and logos registered with the Intellectual Property Office of the Philippines. These trademarks have registration licenses and the management has continuously maintained its renewal after such registration anniversary for exclusive use of trademarks, names and logos.

The following are significant trademarks and logos of the Company's Subsidiaries registered which the management protects and secures licenses in updating its rights to use exclusively for its operations:

## **Government Approvals/Regulations**

The Company secures various government approvals such as the Environmental Compliance Certificates (ECC), development permits, licenses to sell, etc. as part of the normal course of its business.

The Company has no principal product that has pending government approval as of December 31, 2019.

As of December 31, 2019, the Company is not aware of any existing or probable governmental regulations that will have an impact on the Company's operations.

## **Employees**

CPGI and its Subsidiaries have 1,279 employees as of December 31, 2019 and 1,703 employees as of December 31, 2018. There are no new officers hired from January to December 2019. For PPHI, the Company's affordable housing segment, it intends to hire an additional 70 employees consisting of 2 managers and 68 rank and file, in the coming year.

Its employees are primarily engaged in development operations, construction, property management, as well as sales and marketing. CPGI and its Subsidiaries' local and international marketing and distribution network consist of 892 agents as of December 31, 2019 and 2,027 agents as of December 31, 2018. CPGI and its Subsidiaries have entered into an Expense Allocation Agreement to pay the costs of such services and record such costs in general, administrative and selling expenses.

The following table shows the distribution of the Company and its Subsidiaries' employees across its core function areas.

		As of December 31,		
	<u>2019</u>	<u>2018</u>		
Development operations	496	423		
Sales and marketing	44	51		
Construction		564		
December of the second second	161	005		
Property management	578	665		
Total	1,279	1,703		
Agents				
Subsidized Agents	197	637		
Agents on Commission	695	1,390		
Total	892	2,207		

In order to fulfill the manpower requirements, the Company subscribes to local and international job portals, job fairs, executive search and advertise job postings in leading newspapers and internet sites. The Company practices equal opportunity employment to all qualified talents in terms of hiring, salary job offers and promotion to hired employees.

CPGI employees are being empowered to take proactive roles with active learning and development plans, regular training opportunities and real career progression to ensure the continuity of the Company's vision.

Managers and staff are also routinely given feedback on their job performance and CPGI takes other steps to ensure the continuous development of its employees.

The total employee remuneration program provided by the Company has been designed to help compete in the marketplace for quality employees and the Company believes that these packages are in line with the industry standard in the Philippines. CPGI shall provide and enhance long term incentive programs such as housing program, employees stock option plan and retirement program. The Company conducts annual performance reviews and rewards employees with annual salary

increases if merited. The Company's goal is to position itself as an employer of choice in the Philippines.

The employees are not covered by a collective bargaining agreement and no employee belongs to a labor union. There has been no loss of work due to any labor disputes.

### 1.5 REGULATIONS

The following are the laws and regulations governing the business of the Company:

## A. Law on Housing and Land Projects

- Presidential Decree No. 957: The Subdivision and Condominium Buyer's Protective Decree
- B.P. 220: An Act Authorizing the Ministry of Human Settlements to Establish and Promulgate Different Levels of Standards and Technical Requirements for Economic and Socialized Housing Projects in Urban and Rural Areas from those Provided under Presidential Decrees Numbered Nine Hundred Fifty-Seven, Twelve Hundred Sixteen, Ten Hundred Ninety-Six, and Eleven Hundred Eighty-Five
- Executive Order No. 71, Series of 1993
- Republic Act No. 7279: Urban Development and Housing Act of 1992
- Republic Act No. 9646: Real Estate Service Act
- Republic Act No. 4726: The Condominium Act

## **B.** Building Permits

Presidential Decree No. 1096 or the National Building Code

## C. Zoning and Land Use

- Republic Act No. 7160: Local Government Code of the Philippines
- Republic Act No. 6657: Comprehensive Agrarian Reform Law of 1998

### D. Environmental Laws

### E. Property Registration and National Restriction

Presidential Decree No. 1529: Property Registration Decree

## F. Nationality Restrictions

 Republic Act No. 7042, as amended, otherwise known as the Foreign Investments Act of 1991

## G. Real Property Taxation

Republic Act No. 7160: Local Government Code of the Philippines

## H. Real Estate Sales on Installment

Republic Act No. 6552: Maceda Law

### I. Construction Licenses

- J. Board of Investment
- K. Special economic Zone
- L. Competition
  - Republic Act No. 10667: The Philippine Competition Act

### M. Data Privacy

Republic Act No. 10173: The Data Privacy Act of 2012 and its Implementing Rules

### **1.6 RISKS**

### **RISKS RELATING TO OUR BUSINESS**

The Company derives a significant portion of its revenue from Overseas Filipino Workers ("OFWs"), expatriate Filipinos, former Filipino citizens who have returned to the Philippines ("Balikbayans") and other overseas buyers, which exposes the Company to risks relating to the performance of the economies where they are located.

The Company generates a significant portion of its revenues, particularly sales of its affordable and middle-income projects, from OFWs, expatriate Filipinos, Balikbayans and other overseas buyers. A number of factors could reduce the number of OFWs, remittances from OFWs or the purchasing power of expatriate Filipinos, Balikbayans and other overseas buyers. These include:

- a downturn in the economic performance of the countries and regions where a significant number of these potential customers are located, such as the United States, France, Italy, the United Kingdom, Hong Kong, Japan, Korea, Taiwan, Singapore, the United Arab Emirates, Qatar and Bahrain, among others;
- a change in Government regulations that currently exempt the income of OFWs from taxation in the Philippines;
- the imposition of Government restrictions on the deployment of OFWs to particular countries or regions, such as the Middle East; and
- restrictions imposed by other countries on the entry or the continued employment of foreign workers.

Any of these events could adversely affect demand for the Company's projects from OFWs, expatriate Filipinos, Balikbayans and other overseas buyers, which could materially and adversely affect its business, financial condition or results of operations.

Despite the concerns about the sustainability of the overseas market, OFW remittances continued to increase from US\$20.1 million in 2011 to US\$21.4 million in 2012, and US\$ 22.8 million in 2013. Furthermore, the Company has clients located in 50 different countries, hence it is not exposed to any single jurisdiction. As of December 2018, 14%, 18%, 6%, 3%, 11% of its sales are from Asia, Middle East, North America, Australia/Oceania, United Kingdom, and others, respectively.

Furthermore, the Company is expanding its product portfolio to cater to a wider customer base, specifically to include horizontal affordable housing.

All of the Company's properties are in the Philippines and it derives a material portion of its revenues from customers located in the Philippines and, as a result, it is exposed to risks associated with the Philippines, including the performance of the Philippine economy.

All of the Company's properties are in the Philippines and accordingly, the Company is significantly influenced by the general state of the Philippine economy.

In the past, the Philippines experienced periods of slow or negative growth, high inflation, significant devaluation of the peso and the imposition of exchange controls. For companies in the real estate sector, demand for, and prevailing prices of, commercial and residential properties are affected by the strength of the Philippine economy (including overall growth levels and interest rates), the overall levels of business activity in the Philippines and the amount of remittances received from OFWs.

Demand for commercial and residential developments is also affected by social trends and changing spending patterns in the Philippines, which in turn are influenced by economic, political and security conditions in the Philippines.

Moreover, extensive construction of condominium and housing units and other factors could lead to the risk of formation of asset bubbles in real estate. The Philippine residential housing industry is cyclical and sensitive to changes in general economic conditions in the Philippines such as levels of employment, consumer confidence and income, availability of financing for property acquisitions, construction and mortgages, interest rate levels, inflation and demand for housing.

When the Philippines underwent financial and political crises in the past, demand for real estate dropped and consequently led to an oversupply in the market and reduced demand for new residential projects. The global financial crises, which resulted in a general slowdown of the global economy, likewise, led to a decline in property sales in the Philippines.

If changes in the Philippine property market or the Philippine economy cause a decrease in revenues from the sale of properties, significant expenditures associated with investment in real estate, such as real estate taxes, maintenance costs and debt payments, generally cannot be correspondingly reduced and therefore could materially and adversely affect the Company's business, financial condition and results of operations.

To mitigate this risk, the Company continues to adopt prudent financial and operational controls and policies within the context of the prevailing business, economic and political environments.

## The Company is exposed to geographic portfolio concentration risks.

Properties located in Metro Manila, the commercial capital of the Philippines, account for a substantial portion of the Company's real estate assets. Further, its current projects are primarily located within Metro Manila and, in particular, within relatively short distances from the traditional main business districts of Makati City, Ortigas Center and Bonifacio Global City. Due to the concentration of its property portfolio in Metro Manila, a decrease in property values in Metro Manila would have a material adverse effect on its business, financial condition and results of operations. As of the date of this Preliminary Prospectus, the Company has contracted land further outside Metro Manila including Cavite, Pampanga, Batangas and Palawan. This allows the Company to mitigate geographic concentration risk.

## Its portfolio of residential real estate property development projects exposes the Company to sector-specific risks.

The Company's business is concentrated in the Philippine residential market. Therefore, reduced levels of economic growth, adverse changes in the country's political or security situation or weak performance of the country's property development market generally could materially and adversely affect its profitability. The Company's results of operations are dependent on the continued success of its development projects. Additionally, the Philippine real estate industry is highly competitive. The Company's projects are largely dependent on the popularity of its development when compared to similar types of developments in similar geographic areas, as well as on its ability to gauge correctly the market for its developments. Important factors that could affect the Company's ability to effectively compete include a development's relative location versus that of its competitors, particularly with regard to proximity to transportation facilities and commercial centers, as well as the quality of the developments and related facilities that it offers, pricing and the overall attractiveness of the development. The Company's inability to develop attractive projects could materially and adversely affect its business, financial conditions and results of operations.

To mitigate this risk, the Company is venturing into commercial leasing developments to reduce its dependence on the residential market. By venturing into commercial leasing, the Company hopes to be less exposed to the business cycles inherent in residential developments.

Since the Company operates in a competitive industry, it might not be able to maintain or increase its market share, profitability and ability to acquire land for new projects.

The Company operates in a competitive business environment. The entry of new competitors could also reduce the Company's sales and profit margins. The Company faces significant competition in connection with the acquisition of land for its real estate projects. Its growth depends significantly on its ability to acquire or enter into agreements to develop additional land suitable for its real estate projects. The Company may experience difficulty acquiring land of suitable size in locations and at acceptable prices, particularly land located in and near Metro Manila and in other urban areas in the Philippines. If it is unable to acquire suitable land at acceptable prices or to enter into agreements with joint venture partners to develop suitable land with acceptable returns, its growth prospects could be limited and its business, financial condition and results of operations could be adversely affected.

The Company believes it has strategically positioned itself at the upper end of each of the three residential segments it caters to, namely, affordable, middle income, and luxury markets. Furthermore, the Company strives to maintain the design and quality of its developments and is focused on being customer-centric.

The interests of joint venture partners and landowners for development projects may differ from the interests of the Company, and such joint venture partners and landowner may take actions that can adversely affect the Company.

The Company entered into joint venture agreements and Contracts to Sell with various parties as part of its overall land acquisition strategy, property development and property management, and intends to continue to do so. Under the terms of the joint venture agreements, the Company is responsible for project development, project sales and project management, while its joint venture partners typically supply the project land. Under the terms of the Contracts to Sell, the Company shall pay the purchase value of the land on staggered basis, and in certain transactions, pay in addition proportionate payments dependent on generated sales.

A joint venture or acquisition of land via Contracts to Sell involve additional risks where the joint venture partners or landowners may have economic or business interests or goals that differ from the Company's. For example, the joint venture partners or landowners may withhold certain key information relating to the land that the Company may not be able to discover after conducting due diligence and such information could affect its right to possess and develop such land. Titles over the land, although already in the name of the joint venture partners or landowners, may still be contested by third parties. The joint venture partners or landowners may also take actions contrary to the Company's instructions or requests, or in direct opposition to its policies or objectives with respect to its investments or with respect to the project land, or dispute the distribution of joint venture shares or installment payments. The joint venture partner may also not meet its obligations under the joint venture agreement. Disputes between the Company and its joint venture partners or the landowner could arise after significant capital investments in a project have been made, which could result in the loss of some or all of the Company's investments in the project. Any of the foregoing could have a material adverse effect on the Company's business, financial condition and results of operations.

The Company conducts due diligence and performs contract management on its joint venture partners to reduce this risk.

## The Company uses celebrities and international brands to design, market and sell some of its properties.

The Company depends on its relationships with celebrities and international brands to design, market and sell some of its properties. It frequently enters into design or licensing agreements with celebrities and well-known brands in which the celebrities provide branding, promotional and design expertise and the Company agrees to pay design and licensing fees, and sometimes enters into revenue sharing plans. Circumstances beyond the Company's control could decrease the popularity of the celebrities and brands with whom it partners, which could, in turn, adversely affect the Company's marketing and sales efforts and its reputation.

The Company is not exposed to a single brand to design, market, and sell its projects. Furthermore, the Company conducts due diligence and performs contract management on its partner brands to reduce this risk.

Recently, the Company is building the "Century" brand name into its various developments, including Asian Century Center, Century Diamond Tower and Century Spire.

## The Company may not be able to successfully manage its growth.

The Company intends to continue to pursue an aggressive growth strategy by increasing the amount of properties it develops and manages and by expanding into new market segments. However, the Company might experience capital constraints, construction delays, operational difficulties at new locations or difficulties operating existing businesses and training personnel to manage and operate its business. Any inability to adapt effectively to growth, including strains on management and logistics, could result in losses or development costs that are not recovered as quickly as anticipated or at all. These problems could have a material adverse effect on the business, financial condition and results of operations of the Company.

The Company studies and analyzes its total capital and human resource requirements and attempts, to the best of its abilities, to allocate resources most prudently in order to complete its projects on time.

## The Company is involved in a cyclical industry and is affected by changes in general and local economic conditions.

The real estate development industry is cyclical and is significantly affected by changes in general and local economic conditions, including employment levels, availability of financing for property acquisitions, construction and mortgages, interest rates, consumer confidence and income, demand and supply of residential or commercial developments. The Philippine property market has in the past been cyclical and property values have been affected by the supply of and the demand for properties, the rate of economic growth and political and social developments in the Philippines.

Furthermore, the real estate industry may experience rapid and unsustainable rises in valuations of real property followed by abrupt declines in property values, as was experienced in the United States housing bubble from 1997 to 2006. Such real estate bubbles may occur periodically, either locally, regionally or globally, which may result in a material adverse effect on the business, financial condition and results of operations of the Company.

To mitigate this risk, the Company is diversifying its revenue sources by expanding its leasing portfolio and entering into the affordable housing segment in addition to its current vertical housing developments and property management business.

## The Company might not be able to generate sufficient funds internally or through external financing to operate and grow its business as planned.

The real estate business is capital intensive and requires significant capital expenditures to develop and implement new projects and complete existing projects.

Historically, while the Company has funded a significant portion of its capital expenditure requirements internally from the pre-sales of its development projects, it has periodically utilized external sources of financing. However, it might not be able to continue funding its capital expenditure requirements internally or obtain sufficient funds externally on acceptable terms or at all. Its ability to raise additional equity financing from non-Philippine investors is subject to foreign ownership restrictions imposed by the Philippine Constitution and applicable laws. Its access to debt financing is subject to many factors, many of which are outside the Company's control. For example, political instability, an economic downturn, social unrest or changes in the Philippine regulatory environment could increase the Company's costs of borrowing or restrict its ability to obtain debt financing. In addition, the disruptions in the capital and credit markets may continue indefinitely, which could adversely affect its access to financing. Inability to obtain financing on acceptable terms would adversely affect the Company's ability to operate and execute its growth strategies.

The Company is endeavoring to broaden its sources of capital. While historically it has relied predominantly on pre-sales, receivables financing, and bi-lateral loans, it has been able to diversify its sources of financing through the equity capital and syndicated loan markets.

## The cancellation of sales of housing or condominium units could adversely affect business, financial condition and results of operations.

As a developer and seller of residential real estate, the Company's business, financial condition and results of operations could be adversely affected if a material number of housing or condominium unit sales are cancelled. Under Republic Act No. 6552 (the Maceda Law), which applies to all transactions or contracts involving the sale or financing of real estate through installment payments, buyers who have paid at least two years of installments are granted a grace period of one month for every year of paid installments to cure any payment default. During the grace period, the buyer may pay the unpaid installments due, without additional interest. If the contract is cancelled, the buyer is entitled to receive a refund of at least 50% of the total payments made by the buyer, with an additional 5% per annum in cases where at least five years of installments have been paid (but with the total not to exceed 90% of the total payments). Buyers who have paid less than two years of installments and who have defaulted on installment payments are given a 60-day grace period to pay all unpaid installments before the sale can be cancelled, but without any right of refund.

The Company could experience a material number of cancellations, particularly during slowdowns or downturns in the Philippine economy, periods when interest rates are high or similar situations. If the Company experiences a material number of cancellations, it may not have enough funds on hand to pay the necessary cash refunds to buyers, in which case it may have to incur indebtedness to pay such cash refunds, but it might not be able to obtain debt financing on reasonable terms or at all. In addition, particularly during an economic slowdown or downturn, it might not be able to able to resell the same property at an acceptable price or at all. Any of these events could have a material adverse effect on its business, financial condition and results of operations.

If the Company experiences a material number of sales cancellations, investors are cautioned that its historical revenue from its real estate sales would have been overstated because such historical revenues would not have accurately reflected subsequent customer defaults or sales cancellations. Investors are also cautioned not to rely on the Company's historical statements of income as indicators of future revenues or profits.

The Company attempts to mitigate this risk by collecting more equity from the buyer, subject to market demands and competitive factors. A material amount of its pre-sales are sold on the basis of collecting 10% to 20% from each buyer before project completion, with some projects charging as

high as 50% buyer equity. The higher equity the Company collects from the buyer, the less chances a buyer defaults since such buyer has committed more capital to the unit purchase.

The Company is controlled by Century Properties, Inc. (CPI), which is in turn, controlled by the Antonio family. Hence, the interests of the Antonio family may differ significantly from the interests of the other shareholders.

Members of the Antonio family indirectly own a majority of the Company's issued and outstanding shares. Accordingly, the Antonio family will be able to elect a majority of the Board and determine the outcome of many significant matters voted on by shareholders. Members of the Antonio family also serve as directors and executive officers. The Antonio family could also take advantage of business opportunities that may otherwise be attractive to the Company. The interests of the Antonio family may differ significantly from or compete with the interests of the Company and the other shareholders, and the Antonio family may vote their shares in a manner that is contrary to the interests of the Company or the interests of the other shareholders.

The Company is continuously increasing its professional management team. The Company has already hired professionals responsible for key parts of the business, including the heads of leasing, affordable housing, leisure and tourism, finance and investor relations.

## The Company is highly dependent on certain directors and members of senior management.

The Company's directors and members of senior management have been an integral part of its success and the experience, knowledge, business relationships and expertise that would be lost if any such persons depart or take on reduced responsibilities could be difficult to replace and may adversely affect its operating efficiency and financial performance. In particular, members of the Antonio family fill certain key executive positions and the Company may not be successful in attracting and retaining executive talent to replace these family members if they depart or take on reduced responsibilities. Such executives include: Jose E.B. Antonio, Chairman, President and Chief Executive Officer; John Victor R. Antonio, Managing Director and Co-Chief Operating Officer; Jose Marco R. Antonio, Managing Director and Co-Chief Operating Officer; Jose Roberto R. Antonio, Managing Director; Jose Carlo R. Antonio, Managing Director; Rafael G. Yaptinchay, Managing Director; and Ricardo P. Cuerva, Director of the Company and President of Century Project Management and Construction Corporation (CPMCC), the company exclusively charged with managing the construction projects for the Company's vertical developments. The Company does not carry insurance for the loss of the services of any of the members of its management. If the Company loses the services of any such person and are unable to fill any vacant key executive or management positions with qualified candidates, it could have a material adverse effect on its business, financial condition and results of operations.

To mitigate this risk, the Company has a succession plan in place.

## The Company may be unable to attract and retain skilled professionals, such as architects and engineers.

The Company believes that there is significant demand for its skilled professionals from its competitors. Its ability to retain and attract highly skilled personnel, particularly architects, engineers and sales and marketing professionals, affects its ability to plan, design, execute, market and sell projects. In particular, any inability on the Company's part to hire and retain qualified personnel could impair its ability to undertake project design, planning, execution and sales and marketing activities in-house and could require it to incur additional costs by having to engage third parties to perform these activities.

The Company benchmarks industry best practices in human resource management.

## The Company may not be able to hire independent contractors that meet its requirements.

The Company relies on independent contractors to provide various services, including land clearing and infrastructure development, construction works and building and property fitting-out works. It selects independent contractors principally by conducting tenders and taking into consideration factors such as the contractor's experience and track record, its financial and construction resources, any previous relationships with the Company and its reputation for quality. However, the Company might not be able to find a suitable independent contractor who is willing to undertake a particular project within its budget and schedule. This may result in increased costs for the Company or delays in the project. Also, the services independent contractors render might not be satisfactory or match the Company's requirements for quality. Contractors may also experience financial or other difficulties, such as shortages in, or increases in the price of, construction materials, which in turn could delay the completion of the project or increase the costs for the Company. Any of these factors could have a material adverse effect on the Company's business, financial condition, and results of operations.

The Company prudently selects its network of accredited contractors, and monitors the development of each project from project inception up to project turnover.

## Construction defects and building-related claims may be asserted against the Company, and it may be involved in litigation, which could result in financial losses or harm to its business.

Under Philippine law, the engineer or architect responsible for the plans and specifications for a building is liable for damages if, within 15 years from the completion of the structure, it collapses by reason of a defect in those plans and specifications or due to the defects in the ground. The action must commence within 10 years following the collapse of the building. Thus, if the architect or engineer is one of the Company's employees, it may be held liable for damages if any of its buildings collapse. It may also be held responsible for hidden (that is, latent or non-observable) defects in the housing and condominium units it sells if such hidden defects render a unit unfit for the use for which it was intended or if its fitness for such use is diminished to the extent that the buyer would not have acquired it or would have paid a lower price had the buyer been aware of the hidden defect. This warranty may be enforced within six months from the delivery of the house to the buyer. In addition, the National Building Code of the Philippines (the Building Code), which governs, among others, the design and construction of buildings, sets certain requirements and standards that the Company must comply with. The Company may be held liable for administrative fines or criminal penalties in case of any violation of the Building Code. Likewise, it could be held liable for the damages mentioned above, the cost of repairs and the expense of litigation surrounding such claims. Claims could also arise out of uninsurable events or circumstances not covered by the Company's insurance. Significant claims arising from structural or construction defects could have a material adverse effect on the Company's reputation and business, financial condition and results of operations. It may also be implicated in lawsuits on an ongoing basis. Litigation could result in substantial costs to, and a diversion of effort by, the Company and subject it to significant liabilities, including potential defaults under its present debt covenants. Legal proceedings could materially harm its business and reputation, and it may be unable to recover any losses incurred from third parties, regardless of whether or not the Company is at fault. Losses relating to litigation could have a material adverse effect on the Company's business, financial condition and results of operation, and provisions made for litigation related losses might not be sufficient to cover losses.

The Company prudently selects its network of accredited contractors, and monitors the development of each project from project inception up to project turnover. The Company also protects majority of its construction interests with an all-risk insurance policy for construction.

### Third parties may contest the Company's titles to its properties.

While the Philippines has adopted the Torrens System, a system of land registration which is intended to conclusively confirm land ownership by providing a state guarantee of indefeasible title to those in the register, and which is binding on all persons (including the Government), it is not uncommon for third parties to claim ownership of land which has already been registered in favor of another. In particular, Quezon City, Metro Manila and the province of Cavite, have been known to experience problems with syndicates of squatters (informal settlers) and forged or false title holders. There have been cases where third parties have produced false or forged title certificates over land and there are difficulties in obtaining title guarantees with respect to property in the Philippines. Title to land is often fragmented and land may have multiple owners. Land may also have irregularities in title, such as non-execution or non-registration of conveyance deeds, and may be subject to liens, encumbrances or claims of which the Company may be unaware. The difficulty of obtaining title guarantees in the Philippines means that title records provide only for presumptive rather than guaranteed title. As each transfer in a chain of title may be subject to a variety of defects, the Company's title and development rights over land may be subject to various defects of which it is unaware. For these and other reasons, title insurance is not readily available in the Philippines. Title defects may result in the loss of the Company's title over land. From time to time, the Company may be required to defend itself against third parties who claim to be the rightful owners of land that it acquires. If third-party claims for title are brought against the Company, or if any such claim involves land that is material to its projects, it may have to devote significant time and incur significant costs in defending itself against such claims. Such claims could also affect its ability to develop land for particular projects by causing the relevant governmental authority to delay or prevent continued business operations on the property or withhold required permits or clearances until such claim is definitively resolved. In addition, if any such claims are successful, the Company may have to either incur additional costs to settle such third-party claims or surrender title to land that may be material for its projects. In addition, title claims made by third-parties against the Company or its joint venture partners may have an adverse effect on its reputation. Any of the foregoing circumstances could have a material adverse effect on the Company's business, financial condition and results of operations, as well as on the Company's reputation. Any successful claim against the Company or its joint venture partners may affect its ability to deliver its developments on time and free and clear of any liens or encumbrances.

The Company mitigates this risk, to the extent it can, by having joint venture partners indemnify the Company in the event third parties are successful in their claim. To the extent the title belongs to the Company and not its joint venture partners, it conducts very thorough due diligence on titles. Notwithstanding due diligence, to the extent there are still third party claims, the Company assesses the risks and possible solutions to eventually have titles without adverse claims.

## The Company faces risks relating to its property development, including risks relating to project costs, completion time frame and development rights.

The property development business involves significant risks distinct from those involved in the ownership and operation of established properties, including the risk that it may invest significant time and money in a project that may not attract sufficient levels of demand in terms of anticipated sales and which may not be commercially viable. In addition, obtaining required Government approvals and permits may take substantially more time and resources than anticipated or construction of projects may not be completed on schedule and within budget. In addition, the time and costs involved in completing the development and construction of real estate projects can be adversely affected by many factors, including shortages of materials, equipment and labor, adverse weather conditions, depreciation of the peso, natural disasters, disputes with contractors and subcontractors, accidents, changes in laws, land zoning, use and classification, or In Government priorities and other unforeseen problems or circumstances, and each of these could have an adverse effect on the Company's revenues. Where land to be used for a project is occupied by tenants or squatters, the Company may have to take steps, and incur additional costs, to remove such occupants and, if required by law, to provide relocation facilities for them. Any of these factors could result in project delays and cost overruns, which could negatively affect margins and delay when it recognizes revenue. Further, failure to complete construction of a project to its planned

specifications or schedule may result in contractual liabilities to purchasers and lower returns. In addition, orders of the Department of Agrarian Reform allowing conversion of agricultural land for development may require a project to begin by a prescribed deadline. These events could materially and adversely affect the Company's business, financial condition or results of operations.

The Company prudently monitors the development of each stage of each project, from project inception up to project turnover, to quickly address possible cost and completion risks.

## The Company's reputation may be adversely affected if it does not complete projects on time or to customers' requirements.

If the Company's projects experience construction or infrastructure failures, design flaws, significant project delays, quality control issues or other problems, this could have a negative effect on its reputation and make it more difficult to attract new customers to new and existing development projects. Any negative effect on its reputation could also adversely affect its ability to pre-sell its development projects. This in turn could adversely impact its capital investment requirements. Any of these events could adversely affect the Company's business, results of operations or financial condition.

The Company prudently monitors the development of each stage of each project, from project inception up to project turnover, to quickly address possible cost and completion risks.

## The Company operates in a highly-regulated environment and must obtain and maintain various permits, licenses and other government approvals.

The Philippines operates in a highly-regulated environment and the development of subdivision and other residential projects is subject to a wide range of government regulations, which, while varying from one locality to another, typically include zoning considerations as well as the requirement to procure a variety of environmental and construction-related permits. In addition, projects that are to be located on agricultural land must get clearance from the Department of Agrarian Reform so that the land can be reclassified as nonagricultural land and, in certain cases, tenants occupying agricultural land may have to be relocated at the developer's expense.

Presidential Decree No. 957, as amended, (P.D. 957), Republic Act No. 4726 (R.A. 4726) and Batas Pambansa Blg. 220 (BP 220) are the principal statutes which regulate the development and sales of real property as part of a condominium project or subdivision. P.D. 957, R.A. 4726 and B.P. 220 cover subdivision projects for residential, commercial, industrial or recreational purposes and condominium projects for residential or commercial purposes. The Housing and Land Use Regulatory Board (HLURB) is the administrative agency of the Government which enforces these statutes. Regulations applicable to its operations include standards regarding:

- the suitability of the site;
- road access;
- · necessary community facilities
- open spaces;
- water supply
- sewage disposal systems;
- electricity supply;
- lot sizes;
- the length of the housing blocks;
- house construction;
- · sale of subdivision lots or condominium units; and
- time of completion of construction projects.

All subdivision and condominium development plans are required to be filed with and approved by the local government unit (LGU) with jurisdiction over the area where the project is located and by the HLURB. Approval of development plans is conditioned on, among other things, completion of the

acquisition of the project site and the developer's financial, technical and administrative capabilities. Alterations of approved plans that affect significant areas of the project, such as infrastructure and public facilities, also require the prior approval of (1) the relevant LGU; (2) the HLURB; (3) for subdivisions, the duly organized homeowners association, or if none, the majority of the lot buyers; and (4) for condominiums, a majority of the registered owners. In addition, owners of or dealers in real estate projects are required to obtain licenses to sell before making sales or other dispositions of subdivision lots and housing and condominium units. The HLURB can suspend, cancel or revoke project permits and licenses to sell based on its own findings or upon complaint from an interested party. The Company is in the process of obtaining licenses to sell and building permits for some of its current projects. It may not be able to obtain these licenses and permits within the time period expected or at all.

Any of the foregoing circumstances or events could impair the Company's ability to complete projects on time, within budget or at all, or sell units in its projects, which in turn could materially and adversely affect its business, financial condition and results of operations.

The Company's legal department closely monitors the status of the required permits and licenses of the Company to ensure compliance with applicable laws, rules and regulations.

Environmental laws applicable to the Company's projects could have a material adverse effect on its business, financial condition or results of operations.

In general, developers of real estate projects are required to submit project descriptions to regional offices of the Department of Environment and Natural Resources (DENR). For environmentallycritical projects or for projects located in environmentally-critical areas as identified by the DENR, a detailed Environmental Impact Assessment (EIA) may be required and the developer will be required to obtain an Environmental Compliance Certificate (ECC) to certify that the project will not have an unacceptable environmental impact. Current or future environmental laws and regulations applicable to the Company could increase the costs of conducting its business above currently projected levels or require future capital expenditures. In addition, if a first violation of an ECC occurs or if environmental hazards on land where its projects are located cause damage or injury to buyers or any third party, the Company may be required to pay a fine, to incur costs in order to cure the violation and to compensate its buyers and any affected third parties, however, on subsequent violations, an ECC may be revoked and operations may be stopped. The Company cannot predict what environmental legislation or regulations will be amended or enacted in the future, how existing or future laws or regulations will be enforced, administered or interpreted, or the amount of future expenditures that may be required to comply with these environmental laws or regulations or to respond to environmental claims. The introduction or inconsistent application of, or changes in, laws and regulations applicable to the business could materially and adversely affect the Company's business, financial condition or results of operations.

The Company's legal department closely monitors the status of the required permits and licenses of the Company to ensure compliance with environmental regulations.

Natural or other catastrophes, including severe weather conditions, may materially disrupt operations, affect the ability to complete projects and result in losses not covered by insurance.

The Philippines has experienced a number of major natural catastrophes over the years, including typhoons, floods, droughts, volcanic eruptions and earthquakes. Natural catastrophes may disrupt business operations and impair the economic conditions in the affected areas, as well as the overall Philippine economy. These factors could have significant adverse effects on the Company's development projects, which may be susceptible to damage. Damages resulting from natural catastrophes could also give rise to claims against the Company from third parties or from customers, for example, for physical injury or loss of property. As a result, the occurrence of natural or other catastrophes or severe weather conditions may adversely affect its business, financial condition and results of operations.

Furthermore, the Company cannot obtain insurance at a reasonable cost or at all for certain types of losses from natural and other catastrophes. Neither does it carry any business interruption insurance. If an uninsured loss or a loss in excess of insured limits occurs, it could lose all or a portion of the capital invested in a property, as well as the anticipated revenue from such property, and incurs liabilities for any project costs or other financial obligations related to the business. Any material uninsured loss could materially and adversely affect the Company's business, financial condition and results of operations.

The Company requires its contractors to maintain contractors' all-risk insurance for the duration of the development of its projects. The Company requires its contractors to provide a warranty on their respective works.

## The Company uses third-party non-exclusive brokers to market and sell some of its projects.

Although exclusive sales agents are responsible for a significant portion of the Company's sales, it also uses third-party non-exclusive brokers to market and sell some of its residential housing developments to potential customers inside and outside the Philippines. These brokers may also act as brokers for other developers in the same markets in which the Company operates, and they may favor the interests of their other clients over the Company's interests in sale opportunities, or otherwise fail to act in the Company's best interests. There is competition for the services of third-party brokers in the Philippines, and many of the Company's competitors either use the same brokers as it does or attempt to recruit brokers away from it. If a large number of these third-party brokers were to terminate or breach their brokerage agreements, the Company would need to seek other third-party brokers and it may not be able to do so quickly or in sufficient numbers. This could disrupt its business and negatively affect the Company's business, financial condition or results of operation.

Notwithstanding the presence of non-exclusive brokers, materially all sales of the Company are coursed and booked through the Company's in-house sales team, who are Company employees thus having more control of its distribution network.

## The Company is exposed to risks relating to the ownership and operation of commercial real estate.

The Company is subject to risks relating to ownership and management of commercial real estate. Specifically, the performance of its subsidiary CPMI could be affected by a number of factors, including:

- the national and international economic climate:
- trends in the commercial property industry;
- changes in laws and governmental regulations in relation to real estate;
- Increased operating costs;
- the inability to collect rent due to bankruptcy of tenants or otherwise;
- competition for tenants;
- changes in market rental rates;
- the need to periodically renovate, repair and re-let space and the costs thereof;
- · the quality and strategy of management; and
- the Company's ability to provide adequate maintenance and insurance

The Company could be further affected by tenants failing to comply with the terms of their leases or commitments to lease, declining sales turnover of tenants, oversupply of or reduced demand for commercial space or changes in laws and governmental regulations relating to real estate including those governing usage, zoning, taxes, and government charges. If the Company is unable to lease the properties that it owns or manages in a timely manner, or collect rent at profitable rates or at all, this could have a material adverse effect on its business, financial condition and results of operations.

\_\_\_\_\_

CPMI conducts stringent screening procedures on potential tenants

## The change of policy regarding transactions subject to VAT could adversely affect the sales of the Company.

Currently, sales of residential lots with a gross selling price of ₱1,919,500 or less and sales of residential houses and lots with a gross selling price of ₱3,199,200 or less are currently not subject to VAT of 12%. However, beginning January 1, 2021, the VAT exemption shall only apply to sale of real properties not primarily held for sale to customers or held for lease in the ordinary course of trade or business, sale of real property utilized for socialized housing and sale of house and lot and other residential dwellings with threshold reduced to ₱2,000,000. Hence, the purchase prices for the Company's residential lots and housing units will increase, which could adversely affect its sales. Because VAT affects general levels of spending in the Philippines and the prices of subdivision lots and houses, any adverse change in the Government's VAT-exemption policy could have an adverse effect on the Company's results of operations.

The majority of the Company's existing projects are already over ₱2,000,000, hence most of its current projects are already subject to VAT.

Increases in interest rates and changes in Government borrowing patterns and Government policies could adversely affect the Company's and its customers' ability to obtain financing.

Increases in interest rates, and factors that otherwise impair the availability of credit, such as the Government's fiscal policy, could have a material adverse effect on the Company's business and demand for its property developments. For example:

- Higher interest rates make it more expensive for the Company to borrow funds to finance current projects or to obtain financing for new projects.
- Access to capital and the cost of financing are also affected by restrictions, such as the single borrower limit imposed by the BSP on bank lending. The total amount of loans, credit accommodations and guarantees that may be extended by a bank to any person, partnership, association, corporation or other entity shall at no time exceed 25% of the net worth of such bank. This may be increased by an additional 10% of the net worth of the bank provided that the additional liabilities are secured by trust receipts, shipping documents, warehouse receipts or other similar documents transferring or securing title covering readily marketable, non-perishable goods which must be fully covered by insurance. If the Company reaches the single borrower limit with respect to any bank, it may have difficulty obtaining financing with reasonable interest rates from other banks.
- Because a substantial portion of customers procure financing to fund their property purchases, higher interest rates make financing, and therefore purchases of real estate, more expensive, which could adversely affect demand for the Company's residential developments.
- Increases in Government borrowing in the domestic currency market could increase the interest rates banks and other financial institutions charge and reduce the amount of financing available to the Company and prospective property purchasers of its property.
- Increased inflation in the Philippines could result in an increase in the costs of raw materials, which the Company may not be able to pass on to customers through increased prices.
- Increases in the Government's budget deficit could increase interest rates and inflation, which could in turn have a material adverse effect on its customers' ability to obtain financing on attractive terms.
- The occurrence of any of the foregoing events could have a material adverse effect on the Company's business, financial condition and results of operations.

The Company enters into long term financing to reduce its reliance on shorter term financing. This bond will allow the Company to further reduce the potential variability in interest rates. The Company

also continuously seeks the accreditation of its projects with various financial institutions to provide its customers with financing options.

Any restriction or prohibition on the Company's Subsidiaries' ability to distribute dividends would have a negative effect on its financial condition and results of operations.

As a holding company, the Company conducts its operations through its Subsidiaries. As a result, it derives substantially all of its revenues from dividends from its Subsidiaries. It relies on these funds for compliance with its own obligations and for financing its Subsidiaries. Further, the ability of its Subsidiaries to upstream dividends is subject to applicable laws and may be subject to restrictions contained in loan agreements and other debt instruments they are party to.

Any restriction or prohibition on the ability of any of the Subsidiaries to distribute dividends or make other distributions to the Company, either due to regulatory restrictions, debt covenants, operating difficulties or other limitations, could have a negative effect on its cash flow or therefore may adversely impact its financial condition and results of operations.

Historically, the Company's Subsidiaries have regularly been distributing dividends out of its unrestricted retained earnings and as excess cash becomes available.

A new accounting rule on the recognition of revenue may materially change the way the Company records revenue from the construction of real estate in its financial statements and could result in its revenue being lower and more volatile than under its current reporting method.

Adoption of Accounting Standards on Leases

PFRS 16 supersedes PAS 17, Leases. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for most leases under a single on-balance sheet model.

The Group has lease contracts for office spaces as a lessee. Before the adoption of PFRS 16, the Group classified each of its leases at the inception date as either a finance lease or an operating lease. A lease was classified as a finance lease if it transferred substantially all of the risks and rewards incidental to ownership of the leased asset to the Group; otherwise it was classified as an operating lease. In an operating lease, the leased property was not capitalized and the lease payments were recognized as rent expense in the condensed consolidated statements of comprehensive income on a straight-line basis over the lease term. Any prepaid rent and accrued rent were recognized under other current assets and accounts and other payables, respectively.

Upon adoption of PFRS 16, the Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The standard provides specific transition requirements and practical expedients, which has been applied by the Group.

The Group adopted PFRS 16 using the modified retrospective method of adoption with the date of initial application of January 1, 2019. Under this method, PFRS 16 is applied retrospectively with the cumulative effect of initially applying PFRS 16 recognized at the date of initial application. The Group elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying PAS 17 at the date of initial application. The Group also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

The adoption of PFRS 16 resulted in recognition of right-of-use assets and lease liability both amounting to 71.93 million as at January 1, 2019.

### Adoption of Accounting on Uncertainty

The interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of PAS 12 and does not apply to taxes or levies outside the scope of PAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation
- authorities
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax
- credits and tax rates
- How an entity considers changes in facts and circumstances.

The Group applies significant judgement in identifying uncertainties over income tax treatments. Upon adoption of the Interpretation, the Group considered whether it has any uncertain tax position. The Group determined, based on its assessment, that it is probable that its tax treatments will be accepted by the taxation authorities. The interpretation did not have a significant impact on the consolidated financial statements of the Group.

Adoption of Borrowing Costs, Borrowing Costs Eligible for Capitalization

The amendments clarify that an entity treats as part of general borrowings any borrowing originally made to develop a qualifying asset when substantially all of the activities necessary to prepare that asset for its intended use or sale are complete.

An entity applies those amendments to borrowing costs incurred on or after the beginning of the annual reporting period in which the entity first applies those amendments.

The amendments do not have a material effect on the Group's consolidated financial statements since the Group's current practice is in line with these amendments.

March 2019 IFRIC Agenda Decision on Over Time Transfer of Constructed Good (PAS 23, Borrowing Costs)

In March 2019, the IFRS Interpretations Committee (the Committee) issued IFRIC Update summarizing the decisions reached by the Committee in its public meetings. The March 2019 IFRIC Update includes the Committee's Agenda Decision on the capitalization of borrowing cost on over time transfer of constructed goods. The IFRIC Agenda Decision clarified whether borrowing costs may be capitalized in relation to the construction of a residential multi-unit real estate development (building) which are sold to customers prior to start of construction or completion of the development.

Applying paragraph 8 of PAS 23, Borrowing Cost, an entity capitalizes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Paragraph 5 of PAS 23 defines a qualifying asset as 'an asset that necessarily takes a substantial period of time to get ready for its intended use or sale'. Under the March 2019 IFRIC Update, the Committee clarified that the related assets that might be recognized in the real estate company's financial statements (i.e., installment contract receivable, contract asset, or inventory) will not qualify as a qualifying asset and the corresponding borrowing cost may no longer be capitalized.

On February 11, 2020, the Philippine SEC issued Memorandum Circular No. 4, Series of 2020, providing relief to the Real Estate Industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Effective January 1, 2021, the Real Estate Industry will adopt the IFRIC agenda decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC agenda decision.

For real estate companies that avail of the deferral, the SEC requires disclosure in the Notes to the Financial Statements of the accounting policies applied, a discussion of the deferral of the subject implementation issues, and a qualitative discussion of the impact in the financial statements had the IFRIC agenda decision been adopted.

The Group opted to avail of the relief as provided by the SEC. Had the Group adopted the IFRIC agenda decision, borrowing costs capitalized to real estate inventories related to projects with preselling activities would have been expensed out in the period incurred. This would result in decrease in retained earnings as of January 1, 2017 and net income for 2018 and 2017.

This adjustment should have been applied retrospectively and would have resulted to restatement of prior year financial statements. A restatement would have impacted interest expense, cost of sales, provision for deferred income tax, real estate inventories, deferred tax liability and opening balance of retained earnings.

## The Company is subject to certain debt covenants.

The Company has certain loan agreements, which contain covenants that limit its ability to, among other things:

- Incur additional long-term debt to the extent that such additional indebtedness results in a breach of the required debt-to-equity ratios;
- · Materially change its nature of business;
- Encumber, mortgage or pledge some of its assets; and
- Pay out dividends in the event debt payments are in arrears and such debt payments will result in the breach of its required current and debt-to-equity ratios.
- Complying with these covenants may cause the Company to take actions that it otherwise
  would not take or not take actions that it otherwise would take. The Company's inability
  and/or failure to comply with these covenants would cause a default, which, if not waived
  could result in the debt becoming immediately due and payable. In the likelihood of this
  event, the Company may not be able to repay or refinance such debt on terms that are
  acceptable to it or at all.

The Company complies with its debt obligations by adopting the necessary internal controls in its financial management and adopting corporate governance policies in order to comply with its debt covenants.

## The Company shall, at any given time, consider business combination alternatives.

Although some of the Company's debt covenants contain certain restrictions on business combinations, it may consider engaging in certain types of business combinations. Business combinations involve financial and operational risks and could result in critical changes to the Company's business, management and financial condition.

The Company takes into consideration its existing debt obligations and corresponding debt covenants before it pursues any major business investments or acquisitions. Further, prior to undertaking any business combination, the Company assesses and attempts to mitigate the business and financial risks, which may include the hiring of third party legal and financial consultants.

## The Company is exposed to interest rate, liquidity, credit and commodity risks.

The Company's principal financial instruments consist of cash on hand and in banks, cash equivalents, receivables from installment sales and due from and to affiliated companies and credit facilities from commercial banks. It uses these financial instruments to fund its business operations. The Company has entered into Master Agreements under the International Swaps and Derivatives Association Inc. with third parties.

The Company believes that the principal risks arising from its financial instruments are interest rate risk, liquidity risk, credit risk, commodity risk and currency risk.

#### Interest Rate

Fluctuations in interest rates could negatively affect the potential margins in respect of the Company sales of receivables and could make it more difficult for the Company to procure new debt on attractive terms or at all. The Company does not engage in interest rate derivative or swap activities to hedge its exposure to increases in interest rates.

Fluctuations in interest rates also have an effect on demand for the Company's products. As most of its customers obtain some form of financing for their real estate purchases, increases in interest rate levels could adversely affect the affordability and desirability of the Company's subdivision lots and housing and condominium units.

## Liquidity

The Company faces the risk that it will not have sufficient cash flows to meet its operating requirements and financing obligations when they become due. The Company manages its liquidity profile by pre-selling housing projects. In addition, the Company's receivables backed credit facilities with banks and other financial institutions under the terms of which the Company, from time to time, assign installment contract receivables on a "with recourse" basis. The Company is typically required to replace receivables assigned on a "with recourse" basis if the property buyer fails to pay three consecutive installments or when the sale is otherwise cancelled. If the Company is unable to maintain its credit lines with banks and other financial institutions, it may not have sufficient funds to meet its operational requirements.

The Company is endeavoring to broaden its sources of capital. While historically it has relied predominantly on pre-sales, receivables financing, and bi-lateral loans, it has been able to diversify its sources of financing through the capital and syndicated loan markets.

## Credit Risk

The Company is exposed to credit risk from defaults by purchasers on their mortgages during the pre-sale periods for its properties. In 2007, the Company began to guarantee the mortgages of purchasers of uncompleted projects. Accordingly, if a purchaser who has a mortgage on an uncompleted project defaults on the mortgage, and the Company is not able to find a replacement purchaser, or if the Company fails in an undertaking with the bank, including delivering the property and title to such property within the mutually agreed period, the Company is obligated to pay the mortgage.

The Company mitigates this risk by completing projects on time, and providing mortgage banks collateral documents promptly.

## Commodity Risk

The Company is exposed to the risk that prices for construction materials used to build its properties (including timber, cement and steel) will increase. These materials are global commodities whose prices are cyclical in nature and fluctuate in accordance with global market conditions. The Company and its Subsidiaries are exposed to the risk that they may not be able to pass increased commodities costs to customers, which would lower their margins. The Company does not engage in commodity hedging, but the Company attempts to manage its commodity risk by requiring its internal procurement group to supply raw materials for the relevant construction and development projects.

## Currency Risk

Financial assets and credit facilities of the Group, as well as major contracts entered into for the purchase of raw materials, are mainly denominated in Philippine Peso. There are only minimal placements in foreign currencies and most of the Group's foreign currency-denominated debt are hedged. As such, the Group's foreign currency risk is minimal.

### The Company may suffer losses that are not covered by its insurance.

The Company may be negatively affected due to the occurrence of typhoons, severe storms, earthquakes, floods, fires or other natural disasters or similar events. Although the Company carries an all-risk insurance policy for all its current and ongoing projects against catastrophic events and business interruption insurance for Century City Mall, in amounts and with deductibles that the Company believes are in line with general real estate industry practice, not all risks can be insured against. There are losses for which the Company cannot obtain insurance at a reasonable cost or at all. Should an uninsured loss or a loss in excess of insured limits occur, the Company could lose all or a portion of the capital invested in a property as well as the anticipated future turnover from the property. Any material uninsured loss could materially and adversely affect the Company's business, financial condition and results of operations.

The Company requires its contractors to maintain contractors' all-risk insurance for the duration of the development of its projects. The Company requires its contractors to provide a warranty on their respective works.

### 1.7 CORPORATE SOCIAL RESPONSIBILITY

Century Properties Group, Inc.'s (CPGI) corporate social responsibility for 2019 is a continuation of the company's partnership with the late Ms. Gina Lopez's ILOVE Foundation (Investments in Loving Organizations for Village Economies) as well as the ABS CBN Foundation. As CPG's Executive Chairman Jose E.B. Antonio remains a board member of I LOVE Foundation, Century donated Php7 million of financial support in 2018 for the foundation's search for 8 Loving Organizations that can help 8 marginalized communities to become self-sustaining enterprises in agro-forestry, fisheries, or eco-tourism.

Among these 8 Loving Organizations and their respective marginalized communities, Century Properties is reviewing the possibility of further assisting 1 or 2 communities. These include The University of the Cordilleras that is tasked to develop Mountain Tourism for 18,000 farmers and tour guides in Tublay, Benguet, as well as the Got Heart Foundation to set up a School of Living Traditions and Laboratory for the Abelling Tribe in San Jose, Tarlac.

In January 2020, CPGI and its community of employees and residents joined forces to conduct two relief missions for the displaced families in Batangas as a result of the Taal Volcano eruption on January 12.

On January 18, CPGI with the Century City Estate Association, Century Properties Management, Inc., and PHirst Park Homes; the staff of its business units from Centuria Medical Makati, Siglo Suites, and Century City Mall; and Century residents and private individuals, with the help of RRCG Transport, reached up to 6 evacuation sites with 400 bags of relief goods, gallons upon gallons of drinking water, and clothing. The mission went to:

- 1. Padre Pio Shrine, Santo Tomas Batangas
- 2. Barangay San Roque Elementary School, Santo Tomas Batangas
- 3. Barangay Hall and Gym of San Antonio, Santo Tomas Batangas
- 4. Tambo Elementary School, Lipa, Batangas
- 5. Mercado, Tanauan, Batangas
- 6. Inosloban Marawoy Elementary School, Lipa, Batangas

Round 2 of CPGI's Tulong Para Sa Taal on January 28, 2020 brought two teams of employees and Century City community members to different parts of Batangas: Lipa, where the team helped the Art Relief Mobile Kitchen prepare a lunch meal for 2,000 people; Laurel, where the team served the Batangas Goto that it helped prepare to the LGU officials, fire brigade, and evacuees who have returned home for the first time to find their locality in very thick ash; and farther down south in San Luis near Balayan Bay, where about 10,000 evacuees from Agoncillo still could not go home.

CPG President and CEO Marco R. Antonio joined the employees in the meal preparation in Lipa and the actual meal service in Laurel. For this mission, the team also prepared 500 large sake bags purchased and filled them with substantial family hygiene packs: shampoos, toothbrushes, toothpaste, alcohol, bath soaps, feminine hygiene pads, and towels. Washable eating utensils were added, as requested by San Luis disaster response officials, to help them manage the waste and prevent disease in the evacuation centers.

All the donated canned goods, milk, coffee, noodles, biscuits, vitamins, medicines, and other food and hygiene items donated by Century City Mall patrons were dropped into the 500 bags. Sacks of donated clothes, blankets, sleeping mats, and shoes were sorted and given out.

Rice donations were all brought to the Art Relief Mobile Kitchen, which cooks hot meals at the Redemptorist Church gym in Lipa and delivers them to the Taal evacuees. CPGI also brought the barbers of SanBry Grooming House to Batangas to give free haircuts to the San Luis evacuees. Participants and donors to this mission include CPGI employees, Century Properties Management Inc., Centuria Medical Makati, Siglo Suites, Century City Mall, and the Century City Estate Association.

## **ITEM 2. PROPERTIES**

### 2.1 OVERVIEW

Currently, the Company is developing ten (10) master-planned communities that is expected to have 32 condominiums 929 single detached homes, and 5,944 houses with a total expected GFA of 1,655,035 sq.m and commercial properties with 306,736 sq.m of GFA. These master-planned communities are:

- Century City A 3.4-hectare mixed-use project in Makati City with eight buildings covering a total planned GFA (with parking) of 643,176 sq.m. The Company completed The Gramercy Residences, The Knightsbridge Residences, Century City Mall, Centuria Medical Makati, The Milano Residences and Trump Tower. There are two additional ongoing projects including Century Diamond Tower, an office building in partnership with Mitsubishi Corporation and Century Spire designed by world renowned architect Daniel Libeskind and interior designed by Giorgio Armani S.P.A. These two ongoing projects have projected completion dates in 2019 and 2021, respectively.
- Acqua Private Residences Located in Mandaluyong City, this development is comprised of six towers with views of the Makati City skyline and will feature a country club with fitness, retail, dining and entertainment facilities, as well what is expected to be the first riverwalk promenade in the Philippines. There are five towers completed; namely: Niagara, Sutherland, Detifoss, Livingstone, Iguazu and. The Novotel Suites Manila, the last tower is projected to be completed in 2020.
- Azure Urban Resort Residences CPGI's first property in the affordable market segment,
  Azure Urban Resort Residences is a nine-building residential property set on six hectares in
  Parañaque City. The development features what is expected to be the first man-made beach in
  an urban residence in Manila and a beach club designed by Paris Hilton. The first eight towers
  have been completed, namely: Rio, Santorini, St. Tropez, Positano, Maui, Miami, Maldives,
  Boracay and Bahamas.

Page 35 of 89

- The Residences at Commonwealth It is a 4.4-hectare project of CPGI and its first master-planned residential community development in Quezon City. The eight-tower project will rise in Commonwealth Avenue within the vicinity of a shopping center, top schools, techno hubs, churches and major thoroughfares. The Commonwealth by Century residential package includes livable unit layouts with extended balconies, distinctive amenities that encourage outdoor and holistic social interaction, a community with open spaces, greenery and waterscapes; and round the clock safety and security systems for the peace of mind of all residents. The project's unique architectural design, spacious unit layouts and pioneering amenities aim to redefine the standards of living in Quezon City. Out of the eight towers, four have already been completed; namely, Osmeña West, Quezon North, Roxas East, Osmeña East and Roxas West. The last three towers have completion dates up to 2021.
- Canyon Ranch A 25-hectare house and lot community that is part of the 77-hectare San Lazaro Leisure Park in Cavite City targeted for middle-income buyers. The community features a clubhouse with sports and leisure facilities and offers residents views of the Leisure Park which includes one of only two operating horse racing tracks in the Philippines. A total of 918 houses have already been completed.
- PHirst Park Homes It is the first-home division and brand of the CPGI. Its maiden project located along Governor's Drive, Brgy. Tanauan, Tanza Cavite, is a three phase horizontal residential property, which offers both Townhouse units & Single Attached units. The development covers a total planned GLA of 256,514 sq.m. PHirst Park Homes has also launched a 20-hectare development in Lipa, Batangas with 1,867 units valued at ₱2.8 billion in the second quarter of 2018 and the 18-hectare development in San Pablo, Laguna with 1,640 units valued at ₱2.7 billion launched in the fourth quarter of 2018.
- The Resort Residences at Azure North Century Properties' first development in Pampanga and outside of Metro Manila. This 8-hectare mixed-use development replicates the developer's success with the Azure Urban Resort Residences in Bicutan, Parañaque, through its concept of beachfront living in the city.

With plans for condominium towers, townhouse clusters, office towers, and a retail boardwalk, Azure North is located on the western side of the North Luzon Expressway, close to the existing retail complexes. Each residential cluster will again be named after famous beaches around the world, namely Monaco, Bali, and Barbados. In addition to the beach, its water features will include various pools for children and adults. Amid these will be a pool bar, a beach club, a multi-purpose event space, and a centerpiece called the Azure North Island, which will be offered for private events and gatherings.

Batulao Artscapes - Batulao Artscapes is the world's first livable art park. An expansive artventure community and a livable art park with designer homes and world-class vacation amenities, it is situated in a 142-hectare property in Batulao, Batangas. Informed by design, shaped by the arts, grounded in natural beauty – Batulao Artscapes will be the first design-driven residential community to combine art and adventure set in the spectacle of nature.

The Company's land bank for future development consists of properties in Quezon City (2 properties), Mandaluyong City, Pampanga, Palawan, and Batulao that cover a total site area of 230 hectares. This excludes the 2.6 hectares that will be developed in Clark Global City. Global Gateway Development Corp. ("GGDC") and Century Properties Group, Inc. signed a memorandum of agreement on January 9, 2019 to create a JV that will develop 2.6 hectares of the 177-hectare Clark Global City into a mix of residential and office buildings.

#### 2.5 COMPANY OWNED PROPERTIES

The Company does not have any property other than its equity participation in its subsidiaries. The Company's subsidiaries, on the other hand, owns assets mainly land and buildings in property development.

#### **ITEM 3. LEGAL PROCEEDINGS**

As of December 31, 2019, the directors and key officers of the Company have no material pending civil or criminal cases filed by or against them.

From time to time, the Company and its Subsidiaries, its Board of Directors and Key Officers are subject to various civil, criminal and administrative lawsuits and other legal actions arising in the ordinary course of its business. Typical cases include adverse claims over title to land, claims for recovery of money and damages and claims for cancellations of sales agreements and refund of deposits. In the opinion of the Company's management, as of the date of this Preliminary Prospectus, none of the lawsuits or legal actions to which it is currently subject will materially affect the daily operations of its business nor will they have a material adverse effect on the Company's consolidated financial position and results of operations.

#### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

Other than those stated herein, there are no other matters submitted to a vote of security holders during the fiscal year covered by this report.

Page 41 of 89

## PART II. OPERATIONAL AND FINANCIAL INFORMATION

## ITEM 5. MARKET FOR COMPANY'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

## **5.1 MARKET INFORMATION**

The shares of the Company consist solely of common shares, which are presently being traded in the Philippine Stock Exchange, Inc. The high, low and close prices for the shares of the Company for each quarter within the last three (3) fiscal years are as follows:

<u>(in ₱)</u>		<u>2019</u>			<u>2018</u>			<u>2017</u>	
<u>Quarter</u>	<u>High</u>	Low	Close	<u>High</u>	Low	Close	<u>High</u>	Low	Close
First quarter	0.560	0.425	0.530	0.490	0.420	0.435	0.620	0.485	0.490
Second quarter	0.640	0.490	0.610	0.530	0.415	0.440	0.590	0.485	0.550
Third quarter	0.670	0.520	0.550	0.480	0.425	0.445	0.690	0.490	0.520
Fourth quarter	0.630	0.520	0.550	0.445	0.380	0.430	0.540	0.460	0.490

#### **5.2 STOCKHOLDERS**

The number of shareholders of the Company of record as of December 31, 2019 was Four Hundred Ninety Eight (498). The number of issued and outstanding common shares of the Company as of December 31, 2019 are Eleven Billion Six Hundred Ninety Nine Million Seven Hundred Twenty Three Thousand Six Hundred Ninety (11,699,723,690). All shares of the Company are common stock.

The top 20 stockholders as of December 31, 2019 are as follows:

Percentage Holdings		98.38%	1.62%

#### 5.3 CPGI'S DIVIDENDS AND DIVIDEND POLICY

The Company declares dividends yearly, either through Cash or Stock, to shareholders of record, which are paid from the Company's unrestricted retained earnings.

Below is the summary of CPGI's dividend declaration for fiscal year 2016 until 2019.

Cash Dividends				
Fiscal Year	Total Amount of Dividends	Amount of dividends per share	Date of Declaration	Date of Payment
2015	₱205,022,943	0.0177 per share	June 22, 2016	July 20, 2016
2016	₱205,065,834	0.0177 per share	May 22, 2017	June 19, 2017
2017	₱200,000,000	0.0172 per share	June 8, 2018	July 6, 2018
2018	₱137,919,252	0.01189 per share	June 24, 2019	July 23, 2019

CPGI intends to maintain an annual cash dividend payment ratio for the issued and outstanding common shares of the Company of approximately 10% of its consolidated net income from the preceding fiscal year, subject to the requirements of applicable laws and regulations, availability of unrestricted retained earnings and the absence of circumstances which may restrict the payment of such dividends.

#### ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Results of Operations and Material Changes to the Company's Income Statement for the year ended December 31, 2019 compared to December 31, 2018 (increase/decrease of 5% or more) (In Millions of Peso)

NET INCOME	₽1,478.47	₽1,118.19	₽360.28	32.22%

## 32.46% increase in real estate revenue

The increase is due to completion of Bahamas and Roxas West, start of recognition of affordable housing segment and additional substantial progress in construction and sales take up of on-going projects.

Affordable housing segment's contribution to the increase in revenue amounted to 1,741.98 million for the year ended December 31, 2019.

#### 75.16% increase in leasing revenue

The increase was mostly due to full of operation and recognition of revenue of Asian Century Center.

#### 4.22% increase in property management fee and other services

The increase is primarily due to increase in management fee and service rates for property managed.

#### 56.32% decrease in interest income from real estate sales

Interest income from real estate sales represents interest accretion from installment contract receivables (ICR) and contract asset recognized during the year. Discount subject to accretion arises from the difference between present value of ICR and contract asset and its nominal value. Income decrease since majority of the projects are already turned over and new sales fair value upon initial recognition approximates its nominal value.

#### 49.58% increase in Cost of Sales

The increase in mainly due to the increase in real estate revenue.

#### 6.76% increase in Cost of services

The increase is directly attributable in the increase in property management fee and other services.

### 4.52% decrease in Cost of leasing

The decrease is mainly due to the Group's implementation cost cutting measures during the year.

#### 28.28% decrease in gain from change in fair value of Investment Property

Lower amount of gain from change in fair value recognized from Asian Century Center, Century Mall and Centuria Medical.

#### 10.03% decrease in income from investment in associate

Decrease in share in net earnings of joint ventures and associate.

#### 165.68% decrease in gain (loss) from change in fair value of derivatives

The increase is due to mark to market loss on non deliverable foreign currency swap entered into by the Group to hedge its foreign currency denominated debt. Foreign currency denominated debt was fully paid in 2019.

#### 54.28% increase in Interest and other financing charges

These interests came from bonds and loans that do not qualify for capitalization as borrowing costs. The increase was primarily due increase interest corresponding to increase in bonds payable and other loans related to completed investment properties.

## 166.48% increase in foreign exchange losses

Foreign exchange gains offsets losses in fair value of derivatives arising from hedging of the dollar denominated loans.

#### 14.65% increase in Provision for Income Tax

The increase was primarily due to higher taxable income during the year.

As a result of the foregoing, net income increased by 32.22%.

Financial Condition and Material Changes to the Company's Statement of Financial Position for the year ended December 31, 2019 compared to December 31, 2018 (increase/decrease of 5% or more) (In Millions of Peso)

#### 105.34% increase in Cash and cash equivalents

Increase is primarily due to collections from matured accounts and net proceeds from loans during the period.

## 12.41% increase in total Receivables and Non-current portion of installment contract receivables

The increase is primarily due to receivables recognized for new projects qualified for revenue recognition.

#### 9.85% decrease in Real estate inventories

The decrease is primarily due to the recognition of cost of sales for sold units.

#### 6.42% increase in Due from related parties

Due to additional advances from related parties, which are made at normal market prices. Outstanding balances at year-end are unsecured, interest-free, settlement occurs in cash and collectible/payable on demand.

#### 10.27% decrease in Advances to suppliers and contractors

Decrease is to recoupment through progress billings from completion of Bahamas and Roxas West.

#### 100.00% increase in Investment in bonds

The Group purchased Philippine Peso-denominated, fixed rate bonds. The bonds have a maturity of eighteen (18) months from issue date and interest rate of 5.70% per annum. The bonds are rated "AAA" by Philippine Rating Services Corporation. Investment in bonds is classified and measured as financial assets at amortized cost since the bonds are held to collect contractual cash flows representing solely payments of principal and interest.

#### 9.25% decrease in Deposits for purchased land

In 2019, CCC finalized its DOAS for the land acquired in Novaliches, hence the initial deposit for the land purchased amounting to 166.00 million was reclassified to inventories.

## 13.63% increase in Investment Property

The increase is mostly attributable to the construction of Century Diamond Tower and recognition of gain in fair value for the period.

## 29.39% increase in Property and equipment

The increase is mostly attributable to additional construction cost for Novotel Suites Manila at Acqua 6 Tower of Acqua Private Residences.

### 12.20% increase in Other current and non-current assets

Increase is primarily due to increase in prepaid selling expenses for pre-sales during the period, and increase in creditable withholding taxes and input taxes.

## 14.30% increase in Accounts and other payables

The increase is primarily due to accruals made at the end of the period and increase in inventory related purchases.

#### 22.24% decrease in Contract Liabilities

Decrease was due to recognition of customers deposits as revenue during the period as the accounts meet the accounting criteria for revenue recognition.

#### 12.71% decrease in total Short-term and long-term debt

Decrease was due to net repayment of loans during the period.

#### 195.71% increase in Short-term and long-term bonds payable

On April 15, 2019, the Group issued a three-year bonds listed at the Philippine Dealing & Exchange Corp. (PDEx) amounting to 3,000 million.

#### 9.01% decrease in liabilities from purchased land

Due to payment made during the period.

#### 100.00% increase in lease liability

This pertains to the lease liability accrued from the lease contract entered by the Group as a lessee in accordance of with PFRS 16.

#### 73.67% increase in Due to related parties

Due to additional purchases from related parties, which are made at normal market prices. Outstanding balances at year-end are unsecured, interest-free, settlement occurs in cash and collectible/payable on demand.

#### 22.42% increase in Pension liabilities

Due to additional retirement expense during the year.

#### 100.00% increase in Deposit for future stock subscription

In 2019, the Group received deposits amounting to 42.48 million from stockholders with the purpose of applying the same as payment for future issuance of shares of stock. These were classified as a liability since its application of the increase in authorized capital stock is not yet filed with SEC and as of December 31, 2019.

#### 132.89% increase in other current and non-current liabilities

Due to the collection of its subscription of preferred shares. Further In 2019, the Group received security deposits and advance rentals amounting to 35.28 million and 382.84 million classified as "Other current liabilities" and "Other noncurrent liabilities", respectively for its lease contracts from its project, Century Diamond Tower, which is forecasted to finish construction and start full commercial operation in 2020.

#### 12.32% increase in stockholder's equity

Due to the net income recorded for the year ended December 31, 2019, collection of subscription receivable from minority interest amounting to 226.52 million and additional investment from minority interest amounting to 600.00 million from PPHI.

#### 79.14% increase in real estate revenue

The increase is due to completion of Boracay, Osmeña East and Iguazu towers, start of recognition of affordable housing segment and additional substantial progress in construction and sales take up of on-going projects.

Affordable housing segment's contribution to the increase in revenue amounted to 1,170.91 million for the year ended December 31, 2018.

## 12.04% increase in leasing revenue

The increase were due to higher occupancy rate for Century City mall and Centuria medical.

### 19.20% increase in property management fee and other services

Increase where significantly due to additional properties being mange, specifically 3 more BPI buildings and the newly completed Century properties.

CENTURY PROPERTIES GROUP INC.

#### 51.52% decrease in interest income from real estate sales

Interest income from real estate sales represents interest accretion from installment contract receivables (ICR) recognized during the year. Discount subject to accretion arises from the difference between present value of ICR and its nominal value. Income decrease since majority of the projects are already turned over and new sales fair value upon initial recognition approximates its nominal value.

#### 30.63% decrease in Interest and Other Income

Decrease is mostly attributable to lower forfeited collections in 2018.

## 31.77% increase in gain from change in fair value of Investment Property

The increase is mostly attributable to initial recognition of gain from change in fair value of investment property of Asian Century Center amounting to 245.80 million.

#### 425.14% increase in gain (loss) from change in fair value of derivatives

The increase is due to mark to market gain on non deliverable foreign currency swap entered into by the Group to hedge its foreign currency denominated debt.

#### 100% increase in income from investment in associate

Income from investment in associate in 2018 amounting to 12.43 million pertains to share in net earnings of joint ventures and associate.

#### 101.51% increase in Cost of Sales

The increase in mainly due to the increase in real estate revenue and impact of adoption of PFRS 15.

#### 2.15% increase in Cost of services

This is due to the increase of properties managed by CPMI.

### 4.23% decrease in Cost of leasing

The decrease is mainly due to the Group's implementation cost cutting measures during the year.

## 9.36% increase in General, administrative and selling expenses

The increase in operational expenses during the period is primarily due to the increase in commission and salaries related to the newly launched projects and amortization of commission.

## 47.29% increase in Interest and other financing charges

This was primarily due to bank fees and other financing charges paid other than capitalized borrowing costs during the year. These interests came from loans that do not qualify for capitalization as borrowing costs.

#### 169.62% increase in unrealized foreign exchange losses

These losses are offset by the gain in fair value of derivatives arising from hedging of these new dollar denominated loans during the year.

#### 35.81% increase in Provision for Income Tax

The increase was primarily due to higher taxable income during the year.

As a result of the foregoing, net income increased by 72.05%.

#### 39.28% increase in Cash and cash equivalents

Increase is primarily due to collections from matured accounts and net proceeds from loans during the period.

#### 7.87% increase in total Receivables and Contract Assets

The increase is due to new sales booked during the year

#### 8.91% increase in Real estate inventories

Due to the substantial increase in construction and development of various ongoing projects and payment of land during the period net of the cost of real estate sales recognized and transfers of cost of leasing assets to investment properties. .

In addition, the adoption of PFRS 15 affected the Group's recognition of cost of real estate sales. In compliance with PFRS 15, costs that relate to satisfied (or partially satisfied) performance obligations should be expensed as incurred. These costs are allocated to the saleable units, with the portion allocable to the sold units being recognized as costs of sales while the portion allocable to the unsold units being recognized as part of real estate inventories. The adoption of PFRS 15 decreased the Group's retained earnings 100.30 million, decreased the inventory by 154.75 million and decreased deferred tax liabilities by 54.46 million as of January 1, 2018.

#### 19.72% decrease in Due from related parties

Due to settlement of advances and outstanding balance due to purchases from related parties, which are made at normal market prices. Outstanding balances at year-end are unsecured, interest-free, settlement occurs in cash and collectible/payable on demand.

#### 13.86% increase in Advances to suppliers and contractors

Increase is due to down payments made to suppliers during the period which are subject to recoupment through progress billings.

### 13.15% decrease in Deposits for purchased land

In 2018, land acquired in Quezon City was fully paid resulting to transfer of deposits for purchased land made in prior years to inventories amounting to 522.26 million. Also in 2018, the Group made additional deposits for land in Novaliches amounting to 284.98 million. These transactions resulted to net decrease in deposits for purchased land.

#### 46.58% increase in Investment Property

Primarily due to costs incurred for Century Diamond Tower and Asian Century Center. Also the recognition of fair value appreciation mainly for ACC amounted to 369.22 million contributed to the increase in investment property.

## 19.21% increase in Property and equipment

The increase is mostly attributable to additional construction cost for Novotel Suites Manila at Acqua 6 Tower of Acqua Private Residences amounting to 199.64 million.

## 11.62% increase in Other current and non-current assets

Increase is primarily due to increase in prepaid selling expenses for pre-sales during the period, increase in creditable withholding taxes and input taxes.

#### 30.21% increase in Accounts and other payables

Increase is primarily due to accruals made at the end of the period.

## 13.83% decrease in total Customers Deposits and Contract Liabilities

Decrease was due to recognition of customers deposits as revenue during the period as the accounts meet the accounting criteria for revenue recognition.

#### 31.80% increase in total Short-term and long-term debt

The increase is due to increased net availments from existing and new lines during the period. The increase in debt was partially used to fund operations, investment properties, land payments and to refinance debt.

#### 104.64% increase in Due to related parties

Due to additional purchases from related parties, which are made at normal market prices. Outstanding balances at year-end are unsecured, interest-free, settlement occurs in cash and collectible/payable on demand.

#### 6.64% increase in Pension liabilities

Due to additional retirement expense during the year.

## 20.86% decrease in Liabilities for purchased land

Due to payments made during the year.

#### 47.66% increase in other non-current liabilities

Due to the collection of its subscription of preferred shares.

#### 7.34% increase in stockholder's equity

Due to the net income recorded for the year ended December 31, 2018, collection of subscription receivable from minority interest amounting to 212.34 million, and additional investment from minority interest amounting to 205.00 million from PPHI and 4.00 million from KPDC, respectively.

Net debt-to-EBITDA ratio	9.1x	11.0x	11.1x

## Notes:

- (1) Return on assets is calculated by dividing net income for the period by average total assets (beginning plus end of the period divided by two).
- (2) Return on equity is calculated by dividing net income for the period by average total equity (beginning plus end of the period divided by two).
- (3) EBIT is calculated as net income after adding back interest expense and provision for income tax. EBITDA is calculated as net income after adding back interest expense, depreciation and amortization and provision for income tax
- (4) Net debt is calculated as total short term and long-term debt including bonds payable less cash and cash equivalents as of the end of the period.
- (5) Gross profit from real estate sales margin is calculated as the sum of real estate sales and accretion of unamortized discount (which we record under interest and other income), less the cost of real estate sales, as a percentage of the sum of real estate sales and accretion of unamortized discount, for the period. We believe that including accretion of unamortized discount in this calculation is a useful measure of the profitability of our real estate operations because such unamortized discount forms part of the original contract price of the sales contracts.
- (6) Net margin is calculated as net income as a percentage of revenue for the period. Total Revenue includes, Real Estate Sales, Leasing Revenue, Property Management fee and other services, interest and other income, and Gain from change in Fair Value.
- (7) Net debt-to-equity ratio is calculated as net debt divided by total equity as of the end of the period.
- (8) Debt-to-EBITDA ratio is calculated as total debt as of the end of the period divided by EBITDA for the year.
- (9) Net debt to EBITDA ratio is calculated as net debt as of the end of the period divided by EBITDA for the year.
- (10) This ratio is obtained by dividing the Current Assets of the Group by its Current liabilities. This ratio is used as a test of the Group's liquidity.

#### **REVIEW OF YEAR END 2017 VS YEAR END 2016**

#### **RESULTS OF OPERATIONS**

#### Real Estate

The Group accounts for real estate revenue from completed housing and condominium units and lots using the full accrual method. The Group uses the percentage of completion method, on a unit by unit basis, to recognize income from sales where the Group has material obligations under the sales contract to complete after the property is sold. Under this method, revenue is recognized as the related obligations are fulfilled, measured principally in relation to actual costs incurred to date over the total estimated costs. The Group typically requires payment of 20% to 40% of the total contract price, depending on the type of property being purchased, and buyers are given the duration of the construction period to complete such payment.

For the year ended December 31, 2017, the Group recorded revenue from real estate sales amounting to ₱5,346 million compared to ₱4,968.4 million in 2016.

The increase in real estate sales is attributable to the increase in selling price of the units among projects and significant accomplishments of Tanza, Roxas West, Quirino West and Bahamas projects during the year.

#### Interest and Other Income, including Gain from change in fair value

Interest and other income decreased by 1.1% to ₱1,752 million in the year ended December 31, 2017 from ₱1,772 million in the year ended December 31, 2016. This decrease is primarily due to lower gain in Fair Value of Investment Properties recognized during 2017. The gain on fair value gain in investment properties recognized in 2017 amounted to ₱286 million which is lower compared to ₱348 million recognized in 2016.

Investment properties are stated at fair value, which has been determined based on valuations performed by an accredited independent appraisers, as of December 31, 2017 and 2016.

## Property management fee and other services

Property management fee and other services increased by 16.9% to ₱353 million in the year ended December 31, 2017 from ₱302 million in the year ended December 31, 2016. This was due to the increase in the revenue from managed properties, specifically BPI properties increased from 1 to 4 buildings, and additional Century related developments.

#### Leasing Revenue

Leasing revenue increased by 1.1% to ₱342 million in the period ended December 31, 2017 from ₱338 million in the same period ended December 31, 2016 due to the increase in occupancy rate of Century City Mall. Century City Mall has 96.3% occupancy rate for 2017 higher compared to 95.5% occupancy rate in 2016.

## Costs and Expenses (including loss from change in fair value of derivatives and unrealized foreign exchange losses)

Cost and expenses increased by 5.8% to ₱6,772 million during 2017 from ₱6,401 million for the year ended December 31, 2016.

Cost of real estate sales decreased by 3.3% to ₱2,806 million in the year ended December 31, 2017 from ₱2,901 million in the year ended December 31, 2016. Despite the increase in real estate sales, the cost of real estate sales decreased due to significant project sales during the year has higher gross profit margin.

- Cost of leasing decreased by 10.85% to ₱238 million for the year ended December 31, 2017 from ₱267 million in the year ended December 31, 2016. The decrease is mainly due to the Group's implementation cost cutting measures during the year.
- Cost of services increased by 13.89% from \$\frac{1}{2}38\$ million in the year ended December 31, 2016 to \$\frac{1}{2}271\$ million in the year ended December 31, 2017. This is due to the increase of properties managed by CPMI.
- Interest and other financing charges (including unrealized foreign exchange loss and loss on change in fair value of derivatives) increased by 31.5% to ₱493 million for the year ended December 31, 2017 from ₱375 million for 2016. This was primarily due to bank fees and other financing charges paid other than capitalized borrowing costs during the year. These interests came from loans that do not qualify for capitalization as borrowing costs. The Loss on Fair Value of derivatives amounted to ₱36 million and ₱108 million in 2017 and 2016, respectively.

#### **Provision for Income Tax**

Provision for income tax increased by 47.2% to ₱371 million for the year ended December 31, 2017 from ₱252 million in the year ended December 31, 2016. The increase was primarily due to higher taxable income during the year and additional tax expense from expiration of NOLCO.

#### **Net Income**

As a result of the foregoing, net income decreased by 10.6% to ₱650 million for the year ended December 31, 2017 from ₱727 million in the year ended December 31, 2016.

Net debt-to-EBITDA ratio	11.0x	11.1x	5.3x

#### Notes:

- (1) Return on assets is calculated by dividing net income for the period by average total assets (beginning plus end of the period divided by two).
- (2) Return on equity is calculated by dividing net income for the period by average total equity (beginning plus end of the period divided by two).
- (3) EBIT is calculated as net income after adding back interest expense and provision for income tax. EBITDA is calculated as net income after adding back interest expense, depreciation and amortization and provision for income tax.
- (4) Net debt is calculated as total short term and long-term debt including bonds payable less cash and cash equivalents as of the end of the period.
- (5) Gross profit from real estate sales margin is calculated as the sum of real estate sales and accretion of unamortized discount (which we record under interest and other income), less the cost of real estate sales, as a percentage of the sum of real estate sales and accretion of unamortized discount, for the period. We believe that including accretion of unamortized discount in this calculation is a useful measure of the profitability of our real estate operations because such unamortized discount forms part of the original contract price of the sales contracts.
- (6) Net margin is calculated as net income as a percentage of revenue for the period. Total Revenue includes, Real Estate Sales, Leasing Revenue, Property Management fee and other services, interest and other income, and Gain from change in Fair Value.
- (7) Net debt-to-equity ratio is calculated as net debt divided by total equity as of the end of the period.
- (8) Debt-to-EBITDA ratio is calculated as total debt as of the end of the period divided by EBITDA for the year.
- (9) Net debt to EBITDA ratio is calculated as net debt as of the end of the period divided by EBITDA for the year.
- (10) This ratio is obtained by dividing the Current Assets of the Group by its Current liabilities. This ratio is used as a test of the Group's liquidity.

## Material Changes to the Company's Balance Sheet as of December 31, 2017 compared to December 31, 2016

Total assets as of December 31, 2017 were ₱42,556 million compared to ₱41,309 million as of December 31, 2016, or a 3.0% increase. This was due to the following:

Cash and cash equivalents decreased by 58.1% from ₱3,343 million as of December 31, 2016 to ₱1,400 million as of December 31, 2017 primarily due to capital expenditures for the investment property, payment of land and the use of cash for operations. During the period the Company also paid its 3-year term bonds.

Receivables decreased by 11.7% from ₱11,308 million as of December 31, 2016 to ₱9,983 million as of December 31, 2017 million due to increase in collection on receivables from turned over projects.

During the year ended December 31, 2017, real estate inventories increased by 13.6% from ₱13,943 million as of December 31, 2016 to ₱15,846 million as of December 31, 2017 due to development of various projects during the period and lower cost of real estate recognized during the period.

Due from Related parties decreased by 7.9% from ₱533. million as of December 31, 2016 to ₱491 million as of December 31, 2017 due to settlements within of made between the subsidiaries of the Group.

Prepayments and other current assets (including derivative assets) decreased by 22.6% from P1,303 million as of December 31, 2016 to P1,009 million as of December 31, 2017 mainly due to amortization of deferred selling expenses, derecognition of derivative asset and application of creditable withholding taxes on the income tax payable during the period.

Deposits for purchased land increased by 17.0% from ₱1,170 million as of December 31, 2016 to ₱1,370 million as of December 31, 2017 due to payment made by the Company to the Land Owners during the period.

Investment and advances to Joint Ventures and Associates decreased by 40.4% from ₱394 million as of December 31, 2016 to ₱235 million as of December 31, 2017 mainly due to A2 Global settlement all of its advances from the Group for the construction of the investment property.

Investment properties posted an increase by 30.7% to ₱7,760 million as of December 31, 2017 as compared to ₱5,936 million as of December 31, 2016 primarily due to other costs incurred for Century Diamond Tower and Asian Century Center. Increase in fair value of other investment properties assets also contributes to the increase in investment property.

Property and equipment increased by 120.0% from ₱486 million as of December 31, 2016 to ₱1,069 million as of December 31, 2017 due to additional cost incurred for the construction of the Novotel Suites Manila at Acqua 6 Tower of the Acqua Private Residences.

Deferred Tax Asset decreased by 35.0% from ₱160 million as of December 31, 2016 to ₱104 million as of December 31, 2017. The decrease is primarily due to the NOLCO claimed by the Group against it taxable income during the year.

Other non-current assets increased by 79% from ₱741 million as of December 31, 2016 to ₱1,325 million as of December 31, 2017 primarily due to the increase in rental deposits held and applied in relation to the Company's lease contracts for their administrative and sales offices.

Customers' advances and deposits increased by 16.9% from ₱2,360 million as of December 31, 2016 to ₱2,759 million as of December 31, 2017. Balances as of December 31, 2017 represents collection from customers which do not meet the revenue recognition criteria.

Short-term and long-term debt representing the sold portion of the Company's installment contracts receivables with recourse, syndicated loans and bi-lateral term loans increased by 12.3% from ₱12,997 million as of December 31, 2016 to ₱14,598 million as of December 31, 2017 due to increased net availments from existing and new lines during the period. The increase in debt was partially used to fund operations, investment properties, and to refinance debt.

Liability from purchased land decreased by 14.0% from ₱521.0 million as of December 31, 2016 to ₱448 million as of December 31, 2017 due to payments made to Land Owner during the year.

Bond Payable decreased by 44.0% from ₱2,679 million as of December 31, 2016 to ₱1,501 million as of December 31, 2017 due to settlement of the 3-year bonds payable.

Due to related parties decreased by 85.2% from ₱326 million as of December 31, 2016 to ₱48 million as of December 31, 2017 due to payment of advances to Ultimate Parent made by the Group during the year.

Other Noncurrent Liabilities increased by 57.6% from \$\mathbb{P}269\$ million as of December 31, 2016 to \$\mathbb{P}424\$ million as of December 31, 2017 due to the increase in subscription and collected deposit for future preferred stock subscription of the Group during the year.

Total equity attributable to parent company net increased by 3.23% to ₱15,718 million as of December 31, 2017 from ₱15,227 million as of December 31, 2016 due to the net income recorded during the year net of CPGI's cash dividend declarations during the year.

Non-controlling interest increased to ₱537 million from ₱120 million due to collection of subscription receivable from MC for its interest in Tanza and CCDC II.

## Material Changes to the Company's Statement of income for the year ended December 31, 2017 compared to the year ended December 31, 2016

Real estate revenue posted an increase by 7.6% for the year ended December 31, 2017 from \$\frac{1}{2}\$4,968 million in 2016 to \$\frac{1}{2}\$5,346 million in 2017. The increase in real estate sales is attributable to the increase in selling price of the units among projects and significant accomplishments of Tanza, Roxas West, Quirino West and Bahamas projects during the year.

Property management fee and other services increased by 16.9% to ₱353 million in the year ended December 31, 2017 from ₱302 million in the year ended December 31, 2016. This was due to the increase in the revenue from managed properties, specifically BPI properties increased from 1 to 4 buildings, and additional Century related developments.

Cost and expenses increased by 5.8% to ₱6,772 million during 2017 from ₱6,401 million for the year ended December 31, 2016.

Cost of leasing decreased by 10.9% to ₱238 million for the year ended December 31, 2017 from ₱267 million in the year ended December 31, 2016. The decrease is mainly due to the Group's implementation cost cutting measures during the year.

Cost of services increased by 13.9% from ₱238 million in the year ended December 31, 2016 to ₱271 million in the year ended December 31, 2017. This is due to the increase of properties managed by CPMI.

Interest and other financing charges (including unrealized foreign exchange loss and loss on change in fair value of derivatives) increased by 31.5% to ₱493 million for the year ended December 31, 2017 from ₱375 million for 2016. This was primarily due to bank fees and other financing charges paid other than capitalized borrowing costs during the year. These interests came from loans that do not qualify for capitalization as borrowing costs. The Loss on Fair Value of derivatives amounted to ₱36 million and ₱108 million in 2017 and 2016, respectively.

CENTURY PROPERTIES GROUP INC.

Provision for income tax increased by 47.2% to ₱371 million for the year ended December 31, 2017 from \$252 million in the year ended December 31, 2016. The increase was primarily due to higher taxable income during the year and additional tax expense from expiration of NOLCO.

As a result of the foregoing, net income decreased by 10.6% to ₱650 million for the year ended December 31, 2017 from ₱727 million in the year ended December 31, 2016.

#### Factors which may have material impact in Company's operations

#### **Economic factors**

The economic situation in the Philippines significantly affects the performance of the Company's business. For the residential products, the Group is sensitive to changes in domestic interest and inflation rates. Higher interest rates tend to discourage potential buyers of residential units as mortgages become unaffordable to them. An inflationary environment will adversely affect the Group, as well as the real estate industry, by increases in costs such as land acquisition, labor and material. Although the Group may pass on the additional costs to buyers, there is no assurance that this will not significantly affect the Group's sales.

#### Competition

Please refer to the discussion on Competition found in Item 1.4 of this report.

#### **Capital Expenditures**

The table below sets out our actual capital expenditures in 2016, 2017, 2018 and 2019

	Expenditure (in millions)
2016	₱ 6,894.2
2017	6,757.5
2018	6,680.2
2019	7,646.2

The Group has historically sourced funding for capital expenditures through internally-generated funds and credit facilities from commercial banks.

The Company expects to fund budgeted capital expenditures principally through the existing cash and cash from operations, through borrowings and through Offering. The Company's capital expenditure plans are based on management's estimates, and are subject to a number of variables, including: possible cost overruns; construction and development delays; the receipt of Government approvals; availability of financing on acceptable terms; changes in management's views of the desirability of current plans; the identification of new projects and potential acquisitions; and macroeconomic factors such as the Philippines' economic performance and interest rates. Accordingly, we might not execute our capital expenditure plans as contemplated or at or below estimated cost.

#### **ITEM 7. FINANCIAL STATEMENTS**

The consolidated financial statements of the Company and its subsidiaries are filed as part of this Form 17-A.

#### ITEM 8. INFORMATION ON INDEPENDENT ACCOUNTANTS

#### Changes in and Disagreements with Accountants on Accounting and Financial Disclosures

SGV & Co., independent auditors, audited the consolidated financial statements of the Company as at December 31, 2019, 2018, and 2017 and for the years ended December 31, 2019, 2018, and 2017 without qualification and reviewed the accompanying interim condensed consolidated statement of financial position of Century Properties Group Inc. and Subsidiaries as at June 30, 2019 and for the six-month periods ended June 30, 2019 and 2018. A review is substantially less in scope than an audit conducted in accordance with PSA and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit, all included in this Prospectus. SGV & Co. has no shareholdings in the Company, or any right, whether legally enforceable or not, to nominate or to subscribe to the securities of the Company, in accordance with the professional standards on independence set by the Board of Accountancy and Professional Regulation Commission.

On June 28, 2019 the Company held its Annual Shareholders' Meeting wherein SGV and Co. was appointed as the external auditors of the Company for the years 2018 and 2019, and to serve as such until their successor shall have been appointed and qualified. There have been no disagreements with the current and previous accountants on accounting and financial disclosures.

#### **External Audit Fees**

The following table sets out the aggregate fees billed for each of the last two fiscal years and interim third quarter 2018 and second quarter 2019 for professional services rendered by SGV & Co.

2019 2018 2017

Audit and audit-related fees ₱ 7.5 million ₱ 3.9 million ₱ 3.6 million

The Audit Committee recommends to the Board of Directors the discharge or nomination of the external auditor to be proposed for shareholder approval at CPGI's annual shareholders meeting, approve all audit engagement fees and terms of the external auditor, and review its performance. It also reviews and discusses with management and the external auditors the results of the audit, including any difficulties encountered. This review includes any restrictions on the scope of the external auditor's activities or on access to requested information, and any significant disagreements with Management.

The Audit Committee also evaluates, determines and pre-approves any non-audit service provided to the Company and its subsidiaries by the external auditors and keeps under review the non-audit fees paid to the external auditors both in relation to their significance to the auditor and in relation to the total expenditure on consultancy.

No engagement for other services from SGV and Co. either for professional services, tax accounting compliance, advise and planning nor any services rendered for products and services other than the aforementioned audit services reported in 2019.

## PART III. CONTROL AND COMPENSATION INFORMATION

#### ITEM 9. DIRECTORS AND EXECUTIVE OFFICERS OF THE COMPANY

#### **BOARD OF DIRECTORS**

#### **Directorships in Other Companies**

The Chief Executive Officer and other executive directors of the Company submit themselves to a low indicative limit on membership in other corporate boards, within the limit as may be allowed by the Securities Regulations Code and relevant rules on Corporate Governance. The same low limit shall apply to independent, non-executive directors who serve as full-time executives in other corporations. An exception to this rule may be applied to memberships in the corporate boards of subsidiaries or affiliates of the Company. In any case, the capacity of directors to serve the Company with diligence shall not be compromised

### **BOARD MEETINGS & ATTENDANCE**

Regular Board meetings are held once in every quarter. The meetings are scheduled before the beginning of the year. For the year 2019, the Regular Board Meetings were scheduled as follows:

First Quarter - March 18

Second Quarter - May 8

Third Quarter - August 14

Fourth Quarter - November 8

For this year, the Regular Board Meetings are scheduled as follows:

First Quarter – May 18 (originally scheduled on March 18 but due to the Enhanced Community Quarantine, this was moved to May 18)

Second Quarter - July 8

Third Quarter - August 8

Fourth Quarter - November 8

There are also special board meetings that are held from time to time, as the need to discuss important business matters and updates from the Company arise. These special meetings are scheduled a week ahead of the scheduled dates.

## Attendance of Directors – All directors were re-elected and elected, respectively in June 2019.

Board	Name	Date of Election	No. of Meetings Held during the year	No. of Meetings Attended	%

#### 11.4 Changes in Control

As of the date of this Preliminary Prospectus, there are no arrangements which may result in a change in control of the Company.

#### ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than the above and those disclosed in this annual report and in the consolidated financial statements, there are no other transaction entered into by the Company on one hand, with any of its directors, officers or stockholders on the other.

A complete description and the balances of the related party transactions are outlined in notes of the accompanying consolidated financial statements.

#### PART IV. CORPORATE GOVERNANCE

# Evaluation System to Measure or Determine Level of Compliance with the Manual of Corporate Governance

The Company has undertaken constant self-rating assessment (SRA) and performance evaluation exercises in relations to its corporate governance policies both for the purpose of monitoring compliance and instilling deeper awareness and observance by the Company's Board of Directors and top-level management.

#### Measures Undertaken to Comply with Leading Practices

The Compliance Officer has been tasked to keep abreast of such developments and to constantly disseminate relevant information in this regard.

#### **Deviations from the Manual on Corporate Governance**

No deviation has been noted to date.

#### Plans to Improve Company's Corporate Governance

Possible improvement in the Company's corporate governance policies and practices are being constantly studied and reviewed. The Company undertakes to comply with all SEC and PSE mandated corporate governance revisions and memorandums.

For 2019, the Company's submitted to the SEC the Integrated Annual Corporate Governance Report (I-ACGR). CPGI has also complied with the memorandum circular of the PSE on the submission of the corporate governance Guidelines for listed corporations. Changes were implemented on the company's website to improve its corporate governance section and the monitoring of updates and disclosures pursuant to respective SEC Memorandums.

				The Executive Committee presented the Company's Key Business Updates which the Board duly noted.
November 28, 2019				Results of the Special Board Meeting held last November 28, 2019
	The following resolutions were approved:			
	1. The appointment of Divina Law as Century Communities Corporation's ("CCC"), a CPGI subsidiary, legal			
	counsel for the expropriation case filed by the Department of Transportation (DOTr) and the writs of			
	possession issued by the Quezon City Regional Trial Courts on a portion of the CCC's property in Barangay			
	Greater Lagro, Quezon City for the construction of			
	the Metro Rail Transit 7 depot;			
	<ol><li>The filing of all the necessary court pleadings to exercise CCC's rights on the property and uphold the rights of its stakeholders and shareholders;</li></ol>			
	3. Authorizing its Senior Vice President for Legal Affairs, Atty. Domie Eduvane, as the Company's lead representative in the court proceedings as facilitated by Divina Law;			
	4. The issuance of a rejoinder to the Philippine Daily Inquirer to clarify that (a) the ownership of the properties remain with CCC until the government has fully undertaken the necessary procedures for expropriation; (b) the			
	amount consigned by the DOTr to the courts was way below what is required by law; (c) CCC did not offer to sell the property to DOTr and had rejected DOTr's offer of Php 3,600 per square meter as this is grossly inadequate compared to the actual market value of the properties.
